

QUIET IN WEST VIRGINIA BATTLE ZONE

GOVERNOR MORROW SENDS STATE TROOPS TO SCENE OF BATTLE

Two Companies Ordered to McCarr, in Pike County—Withholds Federal Action—Relative Peace Prevails in Mingo County, West Virginia

(By The Associated Press.)

FRANKFORT, Ky., May 14.—Two companies of Kentucky national guardsmen late today were ordered to McCarr, Ky., where a state of virtual war has been on for at the present time.

Governor Morrow issued the order when it appeared that United States troops would not be sent to the district at the present time.

The troops consist of a company of ninety men from Morehead under the command of Captain David B. Thompson, and an automatic rifle company of twenty men from Morehead under command of Captain William E. Proctor.

Withhold Federal Action

Washington, May 14.—A proclamation declaring martial law throughout Kentucky and West Virginia because of the strike warfare, was prepared by President Harding late today but its promulgation was withheld pending receipt of further information from the strike areas.

After it had been decided to issue such a proclamation the war department received a message from Governor Morrow of Kentucky, saying state troops had been sent into the strike district. It was after receipt of this message that the administration decided to withhold federal action.

The proclamation was signed by the president, who empowered Secretary Weeks to promulgate it should later information indicate it was necessary.

Relative Peace Restored

Williamson, W. Va., May 14.—Relative peace had been restored tonight to the mountains and valleys of Mingo county, W. Va., and Pike county, Kentucky, after a pitched industrial battle that had lasted since Thursday morning. Only desultory firing was going on tonight at isolated points, and authorities reported efforts were being made to arrange a truce.

Washington, May 14.—Following a conference between President Harding and Secretary of War Weeks at the White House late this afternoon, a proclamation was prepared which would put into effect martial law in the region along the West Virginia-Kentucky border, where fighting has been in progress for several days as a result of mine strike troubles.

The proclamation, prepared at the war department, was taken to the white house by Secretary Weeks in person. With it he took a message from Gov. Morrow of Kentucky, saying Kentucky state troops had been sent into the district. It was decided to await developments.

President Harding signed the proclamation and gave it to Mr. Weeks to be promulgated if conditions become worse without further instructions from the white house.

An appeal for federal aid had been carried to the white house by Senator Sutherland. He declared many persons had been killed by the shots poured into the towns in the district by persons hidden in the West Virginia and Kentucky mountains.

Appeal Made by Governor

Appeals for federal troops also had been made by the governors of West Virginia and Kentucky. The message from Gov. E. F. Morgan of West Virginia said:

"More than half a dozen reported killed, many wounded in Mingo county. Towns being shot at, women and children driven from homes. Firing from Kentucky into West Virginia for past forty-eight hours continues unabated with the authorities absolutely unable to cope with the situation. Are we compelled to witness further slaughter of innocent, law abiding citizens, with no signs of relief from the federal government?"

Federal Troops Held Ready

The war department has issued orders for immediate action if it becomes necessary for the United States government to take a hand.

Federal troops will be sent into the district immediately. One large force at Camp Sherman, Chillicothe, O., already is under arms awaiting orders to move.

Civil law will be superseded by military rule in the entire zone and courts martial will be invoked against any violators.

The proclamation covers the whole of both states, but will be enforced only in the district where the trouble centers, Mingo and the surrounding counties.

Fighting Serious

Williamson, W. Va., May 14.—Hostilities in the Mingo county mine war broke out with increased fury early today.

The dawn of the third day of fighting in the hills brought reports here of a total of six dead and many wounded.

Attempts at peace late last night when a deputy sheriff with a flag of truce visited the hill riflemen, failed when both factions

PLANS ARE MADE TO INVESTIGATE EVERSOLE CHARGES

Prepare to Move to Omaha, Nebraska to Continue Probe

CHICAGO, May 14.—Under orders of Chief Inspector Charles J. Claranhan in charge of the special investigating board, postal inspectors tonight prepared to move westward for a continuance of their probe into air mail conditions at Omaha and other points.

"We have not completed our investigation of charges made against officials in Chicago," Mr. Claranhan said. "In order, however, to make the quiz more national in scope we have decided to take testimony at other points before completing the probe here."

Hays to Push Inquiry.

Inspector Claranhan asserted that orders from Washington show no inclination on the part of Postmaster General Hays to halt the inquiry until every charge of inefficiency, drunkenness, and graft on the part of high officials of the service is investigated.

Reports have reached the investigating board of attempts on the part of officials of Checker-board field to put a stop to the incriminating testimony of employees. Mechanics and pilots have been asked, it is reported, to issue statements repudiating the charges which C. C. Eversole, discharged pilot, and Paul G. Eichel, formerly in charge of the rigging at the Minneapolis field, have made.

Seek to Discredit Eversole.

An effort is being made, it is said, to discredit Eversole's testimony by charging that he was "let out of the services" on account of inefficiency. Eversole contends his charges are not the outgrowth of "personal animus" but are made in attempt to better the service.

Pilots flying out of Chicago said yesterday that none of them was in sympathy with Eversole's campaign against the service, and that a meeting of the association probably will be held within the next few days, at which an effort would be made to out him from membership.

P. O. CLERKS WILL MEET IN PEORIA

Twenty-First Annual Session of Association Will Convene on Decoration Day

Peoria postoffice clerks are making extensive arrangements to receive the twenty-first annual session of the national association of postoffice clerks to be held there Decoration day, May 30. Delegates from all parts of the state are expected to attend.

Postmaster General Wm. Hays and Congressman Clifford Ireland have been invited to speak at the convention. There will be two business sessions of the convention, an automobile tour of Grandview drive and the parks, and a banquet at night.

REMAINS WILL BE SENT TO DALLAS

The death of Charles A. Bolanz of Dallas, Texas, occurred at a local hospital following a long illness. The remains were taken to the Reynolds mortuary and will be accompanied to Dallas by Charles Bolanz, son of the deceased. Mr. Bolanz had been a prominent business man in the southern city.

FAIL TO REACH WAGE AGREEMENT

Indications are that many of the union workers of Jacksonville will walk out tomorrow. It is understood that the suggestions made by the employers' organization for certain reductions in the scale have not been accepted. Employing masons wish a change from \$1.25 to \$1 an hour and the boss carpenters suggested 80 cents an hour instead of 87 1-2 cents.

TO VISIT IN COLLINSVILLE

Mr. and Mrs. M. L. Hildreth, Miss Julia Belle Hildreth and Mrs. M. W. Mason expect to go to East St. Louis today. Then they will travel to the home of Harry Hildreth in Collinsville for a brief visit. Mr. Hildreth has been in the employ of the county for several years as a deputy sheriff.

IN CIRCUIT COURT.

In the circuit court yesterday Howard Zahn brought a suit against S. O. Bull. An indebtedness of \$133 is claimed.

LEADERS OF NEW GERMAN CABINET WHICH ACCEPTED ALLIES TERMS

1. Robert Schmidt, Socialist, minister of labor; 2. Herr Schiffer, leader of the Democratic party, now minister of justice; 3. Gustave Bauer, former chancellor, now vice chancellor and minister of the treasury; 4. Dr. Wirth, leader of the Centrist party, who became chancellor and minister of foreign affairs.

CONVERSATIONS WITNESS TELLS OF COMMENCED FOR \$47,370 HE PAID FUNDING OF LOAN TO ERECT THEATRE

Sec. Mellon Tells the British He is Ready to Talk

WASHINGTON, May 14.—Conversations with the British embassy have begun preliminary to resumption of negotiations for funding into long time obligations Great Britain's five billion debt to this country.

Acting in accordance with Secretary Mellon's announcement that the treasury was ready to discuss the funding scheme, officials said, a conference was held by treasury and state department representatives with Mr. Geddes and other embassy officials. Discussion was confined to a review of the steps previously taken on the project in accordance with the Victory loan act.

Since negotiations were halted last summer, officials explained, responsibility for determining the method by which England is to pay her war debt, it is this country has passed into fresh hands in both governments. Moreover it was said, it was thought advisable to go over the whole ground so both parties would be thoroughly familiar with details hitherto worked out.

Whether Ambassador Geddes will conduct the actual funding negotiations for his government when they begin is undetermined so far as known here, American officials have thought it likely a trained financial expert would take up the task.

WILL CELEBRATE BIRTHDAY OF MRS. OLIVER COULTAS

Relatives of Mrs. Oliver Coultas will gather at her home in Winchester today in observance of her 83rd birthday. Mrs. Coultas has spent all of her life in Scott county and is one of the oldest and most revered residents. Preparations have been made for the serving of a splendid dinner and the occasion promises to be memorable in many ways. The Coultas home was on a farm near Winchester until about twenty years ago, and since that time it has been in Winchester, where Mrs. Coultas lives with her son, William Coultas.

In this family there are nine children, twenty-seven grandchildren and fourteen great grandchildren living in different parts of the county.

ARE MAKING LONG TRIP

Mr. and Mrs. H. O. Chalfant and little son passed thru the city yesterday enroute to Kansas. They left their home at Belle Vernon, Pa. Monday and are making the long journey in their Ford car. They expect to make their home in the western state.

T.B. PILGRIMAGE ENDED IN THIS CITY SATURDAY

Inspected Sanatoria and Considered Disease Problems

Members of the state Anti-Tuberculosis society who have been engaged the past week in visiting the sanatoria of Illinois, concluded their pilgrimage in Jacksonville yesterday. The week had taken them to important cities throughout central Illinois where personal inspection of open air colonies, sanatoria and other institutions having a relation to tuberculosis proved interesting and informing. The visitors reached Jacksonville on a special train about 2 o'clock Saturday morning over the Wabash. Their Pullmans were placed on the side track and members of the party had breakfast at 7:30 at the Peacock inn.

Visits were made to the tuberculosis sanatorium and to the open air school which was in special session on account of the visitors. At the noon hour luncheon was served at the Congregational church. Afterward a program was given with Vincent Riley presiding. Carl E. Robinson, state's attorney, discussed "The Legal Difficulties Under the Sanatorium Law." "The Value of the Open Air school from the Standpoint of the School Authority" was the theme of the address by Supt. H. A. Perrin.

Dr. J. W. Pettit had for his theme "The Co-ordination of the Sanatorium, the Nurse and the Dispensary." The discussion was opened by Jason F. Richardson. Dr. H. C. Wollman spoke on behalf of the Morgan County Medical society which has endorsed the leaving of an additional sanatorium to J. E. Osborne, county commissioner, spoke briefly.

The Question Box At 2:30 o'clock came the question box and general discussion by delegates. The discussion was led by Dr. G. T. Palmer and brought up many points—sanatorium, the establishment and maintenance of county tuberculosis sanatoria.

The importance of maintaining a free dispensary in connection with such a sanatorium was emphasized. The dispensary should be the forerunner and the follower of the sanatorium, and its duties are fully as important as are those of the sanatorium itself. It was maintained that the medical director should be in charge not only of the work at the sanatorium but also at the dispensary.

The conducting of clinics in different parts of the county was also strongly favored. These clinics should be held frequently, at least twice a week, and should be in charge of the medical director. The desirability of sending out the dispensary service into different parts of the county was likewise urged. The statement being made that the county sanatorium board is not doing its full duty until it does send out such service.

One question which brought out interesting discussion was whether or not an adult can contract tuberculosis, or whether the disease in an adult is always the result of infection acquired in early childhood. It was the general opinion of those present that the disease is less likely to be contracted in adult life than in childhood, but that adults do incur infection after years of maturity have been reached.

PLANS COMPLETED FOR AMERICANIZATION MEET

The parties in charge of the arrangement for the patriotic gathering next Sunday have been at work and have secured the grand opera house for the occasion Sunday afternoon.

As was done last year the idea is to have speakers declaring American principles of government and patriotism, and some aliens are to be invited who wish to become good American citizens, as they are not qualified by residence to assume the duties of citizenship. Not only is this true of our foreign friends, but the managers expect to invite some of our native young men and women to front seats at the meeting. Thus the foreign and the native may stand shoulder to shoulder ready for helping our country and each other. And when America is helped all the world is helped. So let every one take notice of what is coming, and be present to help on the good work, next Sunday afternoon.

It was the statement of Dr. Pettit of Ottawa that the theory of the more patients the less per capita cost is unsound, as when a larger number of patients are cared for than the sanatorium is prepared to accommodate, the overhead expense is greatly increased.

It was the consensus of opinion that at least two graduate nurses should be employed in the sanatorium. The possibility of having graduate and non-graduate nurses work together satisfactorily was discussed and it was agreed that there is generally some difficulty along this line Dr. Pettit declared that he would not think of conducting an institution without having at least one well trained graduate nurse in charge, and further, Scott, Greene and Cathoun.

TELEGRAPH SERVICE OF JOURNAL KILLED BY AURORA BOREALIS

Works Overtime Saturday Night and Puts The Associated Press Service Completely Out of Business—Service is Crippled Throughout Entire United States

Working overtime on the job, the Aurora Borealis, more commonly known as Northern Lights, put the newspapers of the United States nearly out of business Saturday night. No doubt many people have read with casual interest every year of the appearance of the Aurora Borealis and the comment on the trouble it caused newspapers thru its influence over the telegraph wires.

Every newspaper man knows something of these troubles. However, heretofore they have been of a minor character and only lasted an hour or so and then service was resumed with but little inconvenience.

But Saturday night the Aurora Borealis was on a real rampage. After the Associated Press operator for the Journal had gotten a few baseball scores and some small news stories the wires went out of commission.

It was impossible to establish service again only at intervals thruout the night and then only with Illinois points. It was the most complete failure of telegraph service in the history of the Journal. Even sleet, electrical and wind storms never so completely killed the service as did the Aurora Borealis last night.

The display of the Aurora Borealis was one of the most brilliant ever seen in Jacksonville. From early in the evening until midnight, great streams of light shot high into the sky. According to Webster the Aurora Borealis is supposed to be of electric origin. If one is to judge from its effect on the wires Saturday night it has a lot of electricity in its composition.

The conditions prevailing here existed in all other cities thruout the middle west; and probably all over the United States. Chicago was also without service while Decatur, Springfield, Peoria and other cities on the wire were helplessly waiting and hoping that something would turn up.

A bill was introduced in the U. S. senate for the formation of another federal judicial district in this state. People of Morgan county are not much interested in this matter, as Morgan county will remain just about in its present line-up.

In Chicago the other day a bank messenger who was accompanied by a policeman in uniform was held up and robbed. Evidently the only way to protect a payroll or bank messenger there is to give him a squad of troops.

There seem to be many special efforts these days for the elimination of middlemen. In many transactions there are too many middlemen and the costs of necessities are thus raised unnecessarily. This is not always true

and the middleman has his legitimate place in the machinery of business. Some efforts to eliminate him are not well ordered.

The Capper-Tincher bill which has passed congress provides strict regulations for boards of trade. If it also later wins senate approval the question as to the passage of the Lantz bill by the Illinois legislature may drop from sight.

Judge Lovett who is to leave Peoria to become first assistant to the attorney general of the U. S. will not resign his position as county judge. The purpose is to save Peoria county the \$10,000 or more of expense that a special election would occasion. That is an action on the judge's part that most Peorians will approve.

Business conditions are not just as flourishing as people would like to have them. But then we must admit that all business men are expecting to do business on higher levels of profit than they did before the war time, and those who work for wages are not satisfied with the pre-war scales.

The pilgrimage of tuberculosis workers which ended in Jacksonville yesterday gave ample proof of the untiring interest of these workers against the white plague. It is to the credit of Morgan county that much pioneer

work has been done here in the fight against tuberculosis. The dispensary was one of the first in the state and there are still very few cities with open air schools. Some counties have surpassed Morgan county in sanatorium preparations and in others the work has not yet been undertaken.

And now Morgan county where the public relief funds were expended in the old way has made arrangements with the Jacksonville Social Service league to act as the overseer of the poor of the city and county. Wherever this method has been adopted there has been a decrease in the expenditures of public money and an improvement in the morale of those aided.

Thus the evolution of methods for the care of children and of the indigent poor is clearly marked and its trend is apparent even to superficial observers (A. L. Bowen in the Springfield Journal.)

THE TAX QUESTION

There may be some difference of opinion as to the need for new tax measures as a substitute for the excess profits tax and the high surtax charges, and if substitutes are needed, there may be a difference of opinion as to the kind of tax that should be adopted but there can scarcely be any difference upon the question as to the reduction of the high rates. Both political parties put into their platforms declarations which were aimed directly against these forms of taxation which result in inflated retail prices and which drive capital from productive enterprise into investment in municipal bonds, which are tax free.

"Let's go," is the slogan of the industrial world, but men hesitate to go when the tax laws take away the prospect of profits at the same time that they make no guarantees against losses in unfavorable years. Most Americans have a spirit of adventure which impels them to take a chance if there is a prospect of winning a suitable reward. The prospect is not very tempting when the tax gatherer stands ready to seize nearly all the profits of success without sharing any of the losses.

LONG TIME COUNTY RESIDENT DIES

Zachary T. Jones, Passed Away Saturday Night—Funeral to be Held at Durbin Church.

The death of Zachary T. Jones occurred at 5:30 o'clock Saturday night at the home of his son, Carl Jones, on South East street.

Zachary Taylor Jones, son of Jessie and Susan Jones, was born Nov. 12, 1848, on the old Jones homestead in the vicinity of Durbin, Mo. E. church. He was a member of a family of 11 children, four brothers and one sister having preceded him in death. Three brothers and three sisters still survive him.

They are as follows: Mrs. Mary Hobbs and Mrs. Hannah Meredith, both of Franklin; Mrs. Sarah Kelly of Jacksonville; Ross Jones of Murrayville; John Jones of Edwardsville and Joshua Jones, Okmulgee, Okla. He was united in marriage Sept. 18, 1879, to Sarah Avarilla Hann of Durbin. To this union was born one son, Carl Jones, with whom the parents made their home at the time of the father's death. He also left three grandchildren.

Immediately following their marriage, Mr. and Mrs. Jones moved to Lawrence, Kansas, where they spent nineteen years on a farm and then returned to Illinois and farmed in the Durbin neighborhood until about five years ago, when they came to Jacksonville. Mr. Jones was a member of Brooklyn M. E. church for three years. About three years ago he suffered a stroke of apoplexy from which he never recovered. He was a patient and uncomplaining sufferer for ten months preceding his death which occurred Saturday May 14, at 5:30 p. m., being 72 years, 6 months and 2 days old.

He was converted when he was 12 years of age and united with Durbin church of which he was a member to the day of his death.

Mr. Jones lived an honest Christian life and was respected by all who knew him. The funeral will be held in Durbin M. E. church, Monday, May 16 at 2 o'clock p. m. in charge of Rev. G. W. Randle, assisted by Rev. Samuel Graves.

Y. M. C. A. NOTES

Galesburg

Probably as fine a spirit as anywhere in Illinois in church co-operation has been shown here, which indicates great possibilities. Thru nearly a year and a half there has been built up a strong Gospel team organization involving seventy or eighty men who have carried on a program of evangelistic effort. In November these teams thru the efforts of the secretary of the Association organized in five of the largest churches men's personal workers groups which have met weekly since November, studying as a text Dr. Johnston's book on "Recruiting for Christ and the Church."

Monthly meetings on Sunday at the Association brought out these men for fellowship, prayer and inspiration. The results of this inter-church and united evangelistic effort of personal worker and Gospel team work has brought many decisions and culminated with unusual results at Easter time.

Lee County
Thru the efforts of J. J. Jeffries who has been effective in practical evangelism many of the centers in Lee County have had a splendid re-awakening. Mr. Jeffries has been known as the "Overall Evangelist" and has a fine wholesome, winning way of approaching men and boys with a real challenge for better living.

Alton
Quoting from a letter from the general secretary: "Every time I read your religious notes I feel very much ashamed that Alton does not appear on the list so I am going to give you a few items to show you that we are doing some definite work along this line. In the first place we have three Gospel teams that have been busy almost every Sunday all winter and still on the go. Our Life Problem Club which meets on Sunday at 5 P. M. studying topics of vital interest to the young man has been very popular. We also have three boys Bible classes with forty boys enrolled which are doing a good work. In our shop work we have been reaching from 700 to 1000 men every week with the gospel. During the week before Easter we conducted special services which were very well attended so you see we have not been entirely asleep on the job."

Report
"One of the most interesting Religious Work activities during the past winter has been the Good Fellows Life Problem Class conducted each Saturday evening at 10:30 P. M. followed by refreshments at 11:30 P. M. This group was made up of about 30 dormitory residents and the following are some of the subjects discussed: Who should be allowed to marry and why? The Sunday Amusement Situation."

"Are the Movies Demoralizing? To What Extent Should we Have Government Control of Industries?"

"In Dancing Immoral?"
"All the above discussions were related to moral issues. The discussions were informal and the men entered freely into them arriving at the very sane conclusions even though some extremely liberal and illogical views were expressed by various individuals."

OBITUARY.

Mary Florence Greenwalt, daughter of Henry and N. J. Greenwalt was born near Manchester, Ill., April 8th, 1858. Here she grew to womanhood receiving her education in the public schools. She was converted and joined the East Union Baptist church when eighteen years of age. In later years she moved her membership to the Baptist church of Manchester where she remained a faithful member till failing health made it impossible for her to attend services.

She was united in marriage to John Scott of Manchester, Ill., Sept. 11, 1879. To this union one son Walter was born who resides near the home place. Her entire life has been lived in the community where after several years of suffering she passed quietly away at her reward, May 10th at 4:10 a. m., 1921. In her home she was all that a faithful wife and mother could be. She was not only a mother to her own, but a mother to the motherless, a friend to the friendless, always anxious to lend a hand to those in need, and be of service to those about her.

Thruout the long duration of her affliction she was never known to murmur or complain, but bore her suffering with that hope and courage which betokens a Christian life. To know her was to love her and those who knew her best loved her most. She leaves to mourn her loss her devoted husband, Walter H., her son, three sisters, Katie, wife of James Smith, Laura, wife of William Dunan and Anna, wife of Frank Blackburn. One brother, William, age 6 months, and one sister aged 2 years preceded her in death. Also six grandchildren, Stanley C., Ella Florence, Helen Freida, Grace Irene, Walter Truman and Roy Hampton Scott. Besides a host of relations and friends. Then art gone our precious loved one.

Never more can'st thou return, Thou must sleep a peaceful Till the resurrection morn. There we'll meet to part no more By and by, and by. There we'll meet to part no more In that land beyond the sky.

ENGINEER STOPPED HUMMER AND AVERTED WRECK

The alertness of the engineer on northbound C. & A. Hummer prevented a wreck near Minier Saturday morning. The engineer caught the light of a burning bridge in time to slow down his engine and come to a stop just before the bridge was reached. It was necessary to back the train to Minier and send a message to Bloomington. Proceeding under orders, the train returned to San Jose and then was sent to Springfield and on to Chicago.

WALTON & CO.

Luttrell's MAJESTIC THEATRE

A Romantic Drama of the north woods which, because of its sweetness and simplicity, has been hailed as one of the biggest motion pictures of the year.

"The Barbarian"

Featuring

Monroe Salisbury, with Jane Novak, the girl with the famous lotus-lidded eyes.

The story concerns a man who has lived since babyhood in the woods far away from the strife and struggles of metropolitan civilization. Heather-ton, millionaire head of a powerful financial syndicate, covets the woodsman's property and by a trick obtains it.

The young woodsman's fight to regain what is rightfully his and at the same time win the love of Heather-ton's daughter makes this one of the most powerful dramatic photoplays that the screen has had to offer in a long time.

Admission, 20c and 10c—Plus War Tax

WEDNESDAY

HARRY CAREY, in
"THE WALLOP"

The story of a rugged adventurer who strikes it rich and returns to the girl he thought had been waiting for him, only to find her promised to another man. A picture that goes straight as an arrow to the hearts of every person seeing it, and carries a beautiful lesson.

Admission—10c and 5c—Plus War Tax

THURSDAY

SPECIAL NOTICE—Kindly sew on all buttons tightly before seeing these pictures. You've got the laugh of your life in store for you when you see "Seven Years Bad Luck" and "The Dixie Mad Caps." Roars of laughter chase each other through eight of the fastest reels of comedy you've ever seen on the screen. It's a riot of fun. "Seven Years Bad Luck" is wholesome hilarity. Every situation in "Seven Years Bad Luck," is genuinely funny. The human weakness of superstition is the world's greatest rib-tickler. There is more fun to the dance scene than can be found on the Beach of Waikiki. There is more comedy to the foot than there is to the reel of other so-called comedies. There is a vivid demonstration of how a couple can be married in the worst way. A black stocking is found to be the medium for more fun than a whole flock of bathing suits. It is the comedy that has no custard pies, red noses or eccentric make-up of double originality. Take all the comedies you ever saw, extract and count every laugh, snicker and giggle. The total will not approach the genuine whole-hearted, rib-tickling, tear-compelling laughter you will get from this super special which is justly acclaimed to be the

TOO WEAK TO WORK

Lydia E. Pinkham's Vegetable Compound Restored Mrs. Quinly's Health. Now She Does Her Housework

Shelbyville, Mo.—"I was only able to do light housework because for months my periods were excessive. I had seen your medicine extensively advertised and thought I would give it a fair trial. I took about eight boxes of Lydia E. Pinkham's Vegetable Compound and Tablets according to directions and I feel like a different woman. I have not taken any medicine during the past three months and I believe my ailment is cured. I am now able to do my housework and attend to my poultry and garden. If you feel that my testimonial will benefit anyone you are welcome to use it in your advertisements."—Mrs. L. D. QUINLY, R. F. D. No. 2, Shelbyville, Mo.

Lydia E. Pinkham's Vegetable Compound makes women strong, healthy and able to bear their burdens and overcome those ills to which they are subject.

Write Lydia E. Pinkham Medicine Co., (confidential), Lynn, Mass., about your health.

REPUBLICANS HELD

MEETING AT VIRGINIA

Important Session of Cass County Republicans Held Saturday Afternoon—Gunnells Murder Trial On—Other Virginia News.

Virginia, May 14.—A Republican committee meeting was held in this city today. The meeting was announced to be held at the Hotel Mann but the large crowd of enthusiastic workers repaired to the American Legion hall for larger accommodations. The meeting was called to order at 2:30 p. m. by Senator E. C. Mills in the absence of J. J. Neiger, central committeeman.

Claude E. Chipperfield of Canton, Ill., candidate for judge of the superior court, gave a very fine address. Talks were also given by three candidates for circuit court judges.

Wm. Munford of Pittsfield, Edward Wilson, of Havana, Wm. Schaltenhaus of Quincy.

A talk was also given by Mrs. J. J. Neiger, chairman of Republican women's committee.

A large delegation of ladies from all Cass county towns were present.

News Notes

Mr. and Mrs. Horace Virgin of this city are the parents of a son born Friday, May 13 at the Passavant hospital. Mrs. Virgin will be remembered as Miss Rachel Rexroat of this city.

The senior class play, "Miss Somebody Else" which was given Tuesday evening at the Tureman, was a decided success, netting the students \$90. The play will be repeated at Petersburg in the near future.

Mr. and Mrs. W. W. Whittaker have been notified of the birth of a granddaughter at the home of Mr. and Mrs. Verne Hunter at Logansport, Ind. The mother will be remembered as Miss Belle Whittaker of this city.

Mr. and Mrs. C. A. Meneses and family are spending the week with relatives at Anna, Ill.

Mrs. A. A. Luce is the guest of her son, Winston Luce, at Greencastle, Ind., where the young man is a student at the DePauw university.

Dr. and Mrs. W. B. Blackburn have returned from a few days' visit with relatives at Canton.

Miss Josephine Salice closed her fourth year of school work at East Springfield today. She has been re-employed for another term.

The Gunnells murder trial, which has attracted attention in all parts of the county, is now in progress in the circuit court. The entire day Friday was spent in examining witnesses. It was expected that the case would go to the jury by noon Saturday. Gunnells pleads self defense.

Misses Lucille Rexroat and Kathryn Irvin and Mrs. John Virgin spent Friday in Jacksonville.

Mrs. Noah Thompson remains in a critical condition with little hopes given by her physicians for her recovery.

Gene Bailey has returned home from a Springfield hospital where he recently underwent an operation.

Sim Fernandes of Springfield was a business visitor here today.

ther that he would not want to be all of the nurses under her direction graduate nurses. The act was brought out that under present conditions the graduate nurse is not trained in the care of tuberculosis patients and has had little or no experience in such cases.

The question as to whether or not the night nurse should be a graduate nurse called forth much discussion. It was agreed that the night nurse should be one fully competent to meet all emergencies which might arise, and for

this reason the untrained nurse was hardly desirable. In view of the difficulty of securing a nurse for continuous night duty, the plan of dividing this duty into periods of a month among the various nurses was favored.

From 4:30 until 8 o'clock the ladies of the party were guests at the home of Dr. Dewey and Dr. Milligan. Dinner was served at the Congregational church with Rev. M. L. Pontius, president of the Morgan County Tuberculosis association, presiding. The speakers were Mayor E. E. Crabtree and Dr. George T. Palmer.

Revise Views.

The final address of the conference was made by Dr. George T. Palmer, whose purpose was to summarize the events and observations of the week. "I believe," he said, "that we have all returned from this pilgrimage not quite

so sure of our view on this big movement. The most of us started out last Monday morning with a very definite idea of just exactly the method which should be followed in attacking this question. We had in mind a definite picture of a hospital of brick and stone and gradually as we have continued our tour this picture has broadened until it has taken in the various activities connected with tuberculosis work.

"The movement can begin in a county without a sanatorium and in fact, the sanatorium comes naturally as the development of other things. I think that we have observed that a sanatorium can be built upon too cheap a scale and also with too great an expenditure of money. However, we have observed that in communities where the most money has been spent as time has passed the officials have been the most ridiculed so that they have come to the viewpoint that money which was seemingly unnecessarily spent was well spent.

"The most satisfactory of all the sanatoria is possibly in McLean county. Yet at the time it was erected there was a great deal of criticism because of the large expenditure. I believe that thru the efforts of certain leaders and the state association that there will be developed a standard sanatorium. We often think that the work elsewhere is done better than that at home. I have studied the institutions of Wisconsin and which have been reputed to include advanced ideas, and I have failed to find anything more in them than we have here in Illinois. We have found that in the various counties there have been mistakes made and that there have been some failures. It has been shown us that the sanatorium where money has been spent and where the surroundings are beautiful get much better results than that the sanatorium where the more economical methods of construction have prevailed.

Surrounding Must Be Good.

"A tuberculosis patient to improve surely and rapidly must be in happy and pleasant surroundings. Government figures show that tuberculosis creates the gravest disease situation of any. I not long ago visited the sanatorium in the southwest maintained by the government and saw there about 4500 ex-service men, under treatment for tuberculosis.

"I am informed that the total number so affected is 20,000 and experts tell us that the peak of tuberculosis resulting from the war will not be reached until a date four or five years in the future. The great sanatorium I mention is of doubtful value because a great big sanatorium is a cold and soulless sort of institution. On my desk in Springfield there are written pleas from eight of these ex-service men whose homes are in central Illinois, homesick and pleading that they be brought nearer home for the treatment given by the government.

"In 1917 there were \$0.00 tuberculosis cases downstate needing attention and but 250 beds in tuberculosis hospitals were available. Since that time there has been some advancement but the present day need is great.

"Morgan county has done wonderful pioneer work in the campaign against tuberculosis with

CHURCH OFFICER GONE, ALSO GIRL AND \$5,200 FUND
Shubel K. Silver, prominent member of the First Reformed Church of New Brunswick, N. J., and it is highly regarded treasurer, has been missing since last Wednesday. Concurrently missing are liberty bonds to the value of \$5,200 and Miss Adeline Gouin of Perth Amboy, N. J., a waitress, eighteen years old. When last seen Silver, who is married and has three children, was in an automobile with Miss Gouin.

the dispensary, the nursing service, the open air school and the effort made toward the sanatorium. Mr. Pontius has pointed out the advisability of the people here voting for the funds that will complete the sanatorium merely from a selfish business motive. Then there is the appeal of obligation for the ex-service men—those who fought the war—are certainly entitled to the hospital service that we can give them.

"Dr. Norbury has told me that there are today 40 of these ex-service men in the county who need the care that this sanatorium can give and these men would nearly fill the hospital. I have heard the unconfirmed rumor that a representative of the health department of the United States has visited this sanatorium and that the government will be willing to take over and pay to the county, dollar for dollar, the money it has cost. If the people of this county are unwilling to finish this institution and accord these ex-service men hospital service, I believe that the government would be willing to pay to the county \$3 a day for the hospital care of your own soldiers.

"The people I believe will realize their obligations and also will sense the value of the hospital to the rest of the population other than the soldiers."

Must Complete Task

Mayor E. E. Crabtree was presented and spoke briefly. "I believe that without doubt the sanatorium should be completed," said Mayor Crabtree, "and I believe that the people will authorize the expenditure for its completion. This county is not in the habit of undertaking any task which it does not finish. Those who are leavers in the movement undertook it in good faith and have labored zealously. They were not to blame for the legal difficulties and there has never been the slightest hint of irregularities in board action.

"If the sanatorium were to result in the saving of the life of an intimate friend or relative of one of us, we would have no doubt as to the value of the institution and would count that this life alone was worth all of the expenditure. "There are scores of people in this county waiting for the facilities of the sanatorium. A business man told me the other day of a young woman who had been in his employ and who had been compelled to give up her work because of a tubercular ailment. She is the daughter of a widowed mother and has no chance for physical improvement except in an institution like this.

Mistakes in Business

"The tuberculosis trustees may have made some mistakes of judgment but they began this undertaking in the war period and conditions have not been normal and precedents have not been followed. We are all familiar with the great change in the prices of materials. In the war period many business concerns found the prices of materials changing almost from day to day and many of these concerns who business was on the upgrade made great sums of money. Then these same concerns and others were caught while business was on the down grade and have lost fortunes. In some instances because mistakes in judgment have been made and in others on account of conditions over which they had no control.

"You do not have any tendency to criticize as inefficient the big business men who made mistakes and incurred losses. This sanatorium program must be carried out in fairness to the men and women who have so unselfishly and enthusiastically done the pioneer work in this movement."

Berea Aid Meets.

Mrs. Jeff Stockton entertained the members of the Berea aid society at her home recently. At the noon hour an excellent dinner was served to forty-six members and friends, this feature netting a goodly sum for the aid's treasury. In the afternoon the business meeting was held, with the vice president, Mrs. John Henderson, presiding. Later came several hours spent in a delightful social way. The next meeting will be held on Thursday, June 9, at the home of Mrs. C. E. French in Virginia.

Agora Society Members Entertained.

The members of the Agora society were very pleasantly entertained Friday evening by Mrs. E. E. Crabtree and Mrs. Walter Ayers at a picnic at Mauvaisterre lake. After Mayor Crabtree had conducted the girls on an inspection tour of the new filtration plant, a delightful picnic supper was enjoyed. Mrs. Crabtree and Mrs. Ayers are honorary members of the society.

Surprise Party for Mr. and Mrs. Rolson.

Mr. and Mrs. James Rolson were given a very pleasant surprise Thursday evening by a large company of their relatives and friends. The occasion was the 14th wedding anniversary of the host and hostess and it was most pleasantly observed. Games and music furnished the amusement for the evening and delicious refreshments were served by Edith and Ada Watt, Meda Megginson, Myrtle Sooy, Helen and Hazel Rolson.

The guests were Mr. and Mrs. Jesse Henry and son Jesse, Mr. and Mrs. Edgar Arnold and son Donzel, Miss Rena Starkey of Scottville, Mr. and Mrs. Standley Bradshaw and sons, Dale and Dean, Miss Mae Cooper of Murrayville, Mr. and Mrs. Clark Combs, Mr. E. Fordson

For thirty-five years Henry Ford, a farmer's boy, has been working on the problem of a successful tractor for the farm, and for the past fourteen years has devoted much time and a vast amount of money to the development of the present Fordson Tractor. Today that Tractor is in use on nearly 200,000 farms and if you have any doubt as to the satisfaction it gives to those who are using it, call in and get the booklet, just issued by the Ford Motor Company, and called "The Tractor at Work" and read the testimony which is there given by the multitude of owners of Fordson Tractors. No evidence can be more conclusive than that of the man who actually knows by personal experience and this is the line of testimony carried in this little booklet. There is no cost for this booklet. If you cannot call for it, write, drop us a postal, and we will mail it to you without charge. It is so valuable you ought to have it because it is the open door through which the farmer will pass from the hard working drudge to the comparative comfort of the manufacturer. The Fordson makes it possible for the farmer to plan and direct, while the machine will do the work. It presents the widest latitude for the farmer to exercise his brain power and plan how he can get the most from the soil, knowing that the Tractor will do the hard work, do it better, do it quicker, and therefore do it more profitably. This means not alone in the cultivation of the soil, in the harvesting of the crops, but in a hundred and one different demands that are made for labor, cutting of ensilage and the filling of the silo; cutting of wood; operation of the washing machine; in the lighting of the house with electricity; supplying the house with running water; bringing to the farmer's wife and daughters the conveniences of the city, relieving them of much of the hard, unpleasant part of housework.

ANNOUNCEMENT PARTY AT VIRGINIA HOME
Virginia, May 14.—Miss Bernice Hunt was hostess at a 1 o'clock luncheon given at her home east of this city Friday, when an announcement was made of the engagement of Miss Ida Catherine Drinkwater and Mr. Alfred Cosner. It was a five course luncheon and was a very delightful social event. The guests were Misses Ethel Sanks, Jennie Mae Dunaway, Sue E. Downing, Lettie Linn, Emma Maslin, Macie Ross, Marjorie Newell, May Kendall, Blanche Taylor and Mrs. Alma Drinkwater.

Miss Drinkwater is a daughter of Mr. and Mrs. J. T. Drinkwater, and is an accomplished young woman, prominent in church, social and school circles. Mr. Cosner is a promising young farmer of East Cass county. The wedding is to be an event of the early future.

Mr. and Mrs. Burman Harding have moved from Jacksonville to the Simmongs farm which is located in the vicinity of Scottville.

CONGREGATIONALISTS TO MEET AT STERLING

Sessions to be Held May 23 and 24—Many Live Subjects to Come Up for Discussion.

Chicago.—The program of the 78th annual meeting of the Congregational conference of Illinois, representative of more than 300 Congregational churches, was announced here today by the Rev. Walter Spooner, acting superintendent of the conference. This year's meeting will be held at Sterling, May 23 to 25.

"The Episcopalian church has long been in conference with Congregationalists and other Evangelical denominations, looking toward ultimate organic union of Protestant Christianity," the Rev. Mr. Spooner said. "An appeal has come from the Episcopal Bishops in this connection and the Rev. James A. Richards, pastor of the Congregational church at Winnetka, will speak to the theme, 'What Shall Be Our Response to the Lambeth Appeal?'"

"Use of moving pictures in church work is one of the live subjects coming up, the men making the addresses having proven unusually successful in the use of the 'Movie' in their own churches. They are the Rev. E. H. Thompson, pastor of the Union Congregational church of Quincy and the Rev. H. L. Meyer, pastor of the Congregational church of Quincy and the Rev. H. L. Meyer, pastor of the Congregational church at Decatur.

"Week time instruction in religion is a very vital subject today. The Rev. William G. Seamans, pastor of the First Methodist church of Gary, Ind., who is also president of the board of religious education of Gary, will deal with this subject.

"Undoubtedly the most commanding speaker of all will be the Rev. S. B. Barks, Cadman, D. D. of Brooklyn, N. Y. Dr. Cadman is one of the great orators of our country. He will speak on 'The Mission of the Republic' and later on 'The Mission of the Church.'"

The Rev. Herbert Wright, Gates of Boston will be the most prominent speaker concerning young people.
"The Rev. Lloyd C. Douglas, minister of the First Congregational church at Ann Arbor, Mich., will address the conference on 'The Psychology of Worship' and 'Some American Objections.' No effort has been spared to make a strong program.
"The Illinois Woman's Home Missionary Union of the Congregational church will hold its 36th annual meeting at this time. Both meetings will be at the First Congregational church of Sterling.

UNITED STATES ON SEA TO STAY

London.—Admiral Benson, chairman of the United States shipping board, writing on the future of the American Merchant Marine in the publication Fairplay, says: "America is upon the sea to stay. Who can doubt that she will, after witnessing the wonderful—almost undreamed of—accomplishments during the world war?"

"America has expended \$4,000,000,000 to make a place for herself upon the seas, and has made that place, and will undertake earnestly to retain it. There is sufficient commerce for all the nations to thrive upon.

"It should not be forgotten that the ruthless enemy practically wiped out a good part of the most efficient type of our overseas shipping. If America had not by its shipbuilding made up for this lack in world shipping ocean rates would be soaring today.
"I, for one, am optimistic as to the future of the American Merchant Marine. The shipping of the entire world is now in a period of depression, but I believe that within a short time we shall see a turn for the better; in fact even now there are indications of a revival.

SMILES WILL NO LONGER HOLD JOBS

Mexico City, May 14.—Pretty-faced señoritas who have been employed in government offices, principally because of the pleasant smiles they gave department heads, are to be ousted from their present positions and men are to take their places, according to a recent official announcement. After President Obregon's recent order that every cabinet officer must investigate the worthiness of his employees, it was discovered that hundreds of girls were drawing federal pay with duties that called for only occasional work.

All such are to be discharged, provision being made, however, that they shall be retained if they are assisting in the support of their parents or other near relatives.

HOUSEWIVES ARE DOING OWN WORK

Springfield, Ill., May 14.—Many housewives who insisted upon a maid servant before the war have changed their attitude toward housework and are doing it themselves, according to Peter T. Anderson, superintendent of the Rockford Free Employment office. So he reports to the State Department of Labor in Springfield.

The change in attitude, Mr. Anderson believes, has not been a willing change, but one brought about by necessity. "We are still short of women for maids," he told the state department, "and this has held true since the war—when the industries made such inroads on female help for shops and factories.

"It seems today as if most of the help formerly doing this class of work has become very indifferent,

NEW YORK TRAFFIC POLICEMEN TO BE EQUIPPED WITH SIGNAL LIGHTS

A new signal device to be used by the night traffic policemen of New York City was demonstrated recently by Department Commissioner Dr. John A. Harris, who originated the device. It consists of three lights, red, white and green, and is suspended upon the chest of the officer on top of a sort of apron-like jacket of white. The device is operated by tiny electric switches. Photo shows Commissioner Harris demonstrating the device which is worn by an officer.

RED CROSS WORKERS TO HOLD CONFERENCE

More Than Thirty Chapters Will be Represented at Meeting in This City Next Thursday.

A Regional Conference of Red Cross workers including about thirty-two chapters has been called in Jacksonville by Central division of the Red Cross Thursday, May 19th. Sessions will be held in the Pilgrim Memorial, Congregational church morning and afternoon. The program will deal with present Red Cross services, policies and organization. Speakers will be present from Central division, the division manager, R. C. Branion, presiding. Of special interest will be a demonstration by Mrs. Frank Fulton of Winnetka, Illinois of garments for destitute children of Europe. All interested in this branch of Red Cross work are urged to attend the conference. At noon, luncheon will be served for delegates and visitors. The following chapters have been called to this conference:

Woodford Co. Chapter, Peoria Chapter, Tazewell Chapter, Bushnell Chapter, Macomb Chapter, Hancock Chapter, Adams Chapter, Mason Chapter, Logan Chapter, Schuyler Chapter, Beardstown Chapter, Brown Chapter, Menard Chapter, Virginia Chapter, Sangamon Chapter, Griggsville Chapter, Scott Chapter, Pike Chapter, Virden Chapter, Macoupin Chapter, Greene Chapter, Montgomery Chapter, Litchfield Chapter, Jersey Chapter, Calhoun Chapter, Alton Chapter, Tri-City Chapter, Collinsville Chapter, Bond Chapter.

HAD PAINFUL INJURY

Edward Doolin, pressman for the Jacksonville Courier Co., met with a very painful accident late Saturday afternoon. As Doolin endeavored to make a paper adjustment while the press was in motion he caught his hand between two rollers. Before the assistant pressman could turn off the power the young man's hand had been pulled into the machinery to a point several inches above the wrist.

Dr. A. M. King attended the injured man in the press room and later removed him to his office. An examination showed that no bones were broken, although the hand is badly cut and lacerated. If the power had not been turned off quickly the whole right arm would have been mangled.

ERROR IN NAMES

In a news item in yesterday's Journal with reference to an automobile collision on West Court street it was stated that a car driven by Denver Buck collided with a car which was driven from the Joy garage. The statement was in error, as Mr. Buck was not on the street at the time and in fact was out of the city.

The car mentioned was a Hupmobile owned and driven by James Thrawl. Yesterday Mr. Thrawl asked that the statement be made that the accident was not his fault. He said that the man who was driving from the garage ran into him and pushed his car against the curb.

IN JUSTICE COURTS

In Squire Dyer's court Jacob Loeper and Ora Reynolds of Concord were arraigned, charged with assault with a deadly weapon and gave bond for their appearance in the same court, May 21. It was alleged that the two men with drawn revolvers and threats terrorized Jayne Fauts and Charles Sharp, two lads also of the Concord neighborhood.

MURRAYVILLE LYCEUM COURSE IS CLOSED

The final number in the lyceum course given under the auspices of the Ladies' Aid society of the Murrayville M. E. church was given last night at Carlson's hall. The attraction was the Brown Metropolitan Jubilee sextette and the program presented was one which won the hearty approval of the large audience present. The course has been well patronized and the women have reason for satisfaction over the sum realized.

WILL SUBJECT ENTRIES TO CLOSE INSPECTION

Drivers and Machines for Annual Indianapolis Race Will Be Given Minute Inspection Before Start.

By Associated Press.
INDIANAPOLIS, May 14.—Drivers and machines entered in the annual five hundred mile International Sweepstakes automobile race at Indianapolis Motor Speedway May 30, will be subjected to as close as inspection before the start of the contest as it is possible to make. Failure to pass the strict physical examination and tests of ability to handle an automobile traveling at the rate of nearly one hundred miles an hour have kept numerous entrants out of the race. After a driver has qualified his car, he is thoroughly examined, special attention being given to his heart action and eyesight. Last year one of the country's best drivers was ruled ineligible because of his failure to pass such a test. To qualify a car, the driver must negotiate four laps, or ten miles, at a rate of eighty miles

an hour or better. The action of the machine as it races into the turns, said by drivers to be the most dangerous in the country, and the steadiness of the pilot in this test also come in for consideration of the officials.

As a final precaution against accident, front axles, including all steering connections, must have been replaced two days before the race. The final touch, just prior to the start, is the brake test and the sampling of the gasoline to prevent use of either or picric acid being used. No car can exceed 183 cubic inches piston displacement.

These precautions have resulted in there being comparatively few deaths from accident at the speedway in the eleven years of its existence.

GREAT VOLCANO IN SOUTHERN ILLINOIS

This Is Opinion of University of Chicago Professor

Chicago, May 14.—(By A. P.)—There was a great volcano in Southern Illinois in the far distant past, Prof. Stuart Weller of the University of Chicago, told the Illinois Academy at its annual meeting here today.

The remarkable deposits of fluorspar for which Southern Illinois is famous are connected with this ancient volcano, Prof. Weller said. "The fluoric content of the mineral," he said, "is a product of igneous rocks and doubtless was originally given off the igneous rock which presumably underlies the entire fluorspar region."

"There is probably a considerable area of Southeastern Illinois and the adjoining portion of Kentucky which is underlain by a great mass of igneous rock. "Most of the lava of the great volcano, whose site this was in effect, was injected into and between the sedimentary rock strata. If any of the lava was extrusive on the surface, it has long since been removed by the process of erosion."

"Numerous dikes of igneous rock, some of which may have extended to the surface, when they were formed, are known to be present, and at least one mass in Northern Hardin county, near Sparks Hills, seems to be an ancient volcanic neck, or outlet. The most western of these dikes which has been observed is in Pope county, about one mile west of Golconda."

The depth beneath the present surface of the great body of igneous rock with which these dikes must connect is unknown, for it has never been penetrated, whether in mining operations or by deep drilling.

"While the deeply buried molten mass was still very hot and remained in a more or less plastic condition, the enormous weight of the overlying sediments resting upon it must have had a tendency to squeeze it out laterally, so that the original dome would become broader and lower. With the readjustment of the crustal blocks in connection with this settling of certain arch-like segments of the dome, there was virtual collapse of the strata in certain areas occasionally extremely complicated faulting."

The widespread distribution of the faults of Southern Illinois establishes the fact that this area has been, in the geologic past, one of great crustal disturbance. Lines of weakness once established in the earth's crust repeatedly give way under the accumulating stress, and it is not unlikely that movements of greater or less magnitude have taken place along certain of these fault lines at intervals since they were established. It is quite possible that the New Madrid earthquake of 1811 was the result of movement in some portion of this fault zone."

Prof. Weller's theme was "Some Events in the Geological History of Southern Illinois." He is professor of Paleontologic Geology and director of the Walker Museum at the University of Chicago.

PEACEFUL VALLEY AT THE GRAND

Theatregoers will have an opportunity to see Charles Ray in the screen version of Sol Smith Russell's stage success, "Peaceful Valley," at the Grand Theatre, beginning tomorrow. In this vehicle Mr. Ray reverted to the role which has made him one of the screen's greatest favorites—that of a rube. The story was adapted to the screen by Isabel Johnston from Edward E. Kidder's memorable stage play, which is credited with 5,207 footlights performances and which ranks as one of the most popular spoken comedy-dramas ever produced.

In the leading feminine role opposite Ray is Ann May, and other well-known members of the cast are Charlotte Pierce, Harry Myers, Lincoln Steadman, Walter Perkins, William Courtwright, Vincent G. Hamilton, Jesse Herring, Lydia Knott, Melba Lorraine and Ida Lewis, Jerome Storm, assisted by Harry Decker, directed the production.

As Hosiah Howe, a struggling sunny-hearted farmer lad with a widowed mother and young sister to support, Charles Ray is declared to have delineated a screen character that will live as one of the outstanding artistic accomplishments of the silent drama.

How Hosiah's dog "Whiskers," plays a prominent part as an intermediary for Cupid constitutes one of the brightest features of this unusually clever photoplay, according to review reports.

STOCK OF WHISKEY IS DIMINISHING RAPIDLY

If You Want Any for a Souvenir Better Order Early—Price Goes Up as Stock Goes Down.

Chicago, May 14.—Just about half the amount of whiskey today is held in Illinois distilleries that was held on July 1, 1919, when national prohibition went into effect. Figures compiled and announced by Ralph W. Stone, federal prohibition director, give the amount now held as 1,996,000 gallons as against 4,412,000 gallons in 1919.

As for "free" liquor, held on wholesale dealers or druggist permits, only about 50,000 gallons altogether are available, and of this amount not more than 10,000 gallons is commercial non-beverage whiskey, according to Mr. Stone. The remainder is of grades too costly for commercial use, he said.

Whisky seized for confiscation and now in storage here aggregates 40,000 gallons, worth approximately \$480,000. Beer in storage awaiting confiscation totals 2,000 cases.

No whiskey is now being manufactured in Illinois, said Mr. Stone, because distillers are unwilling to risk the possibility of running into a new law prohibiting the sale of whiskey of medicinal grade.

There are today less than 25 wholesale liquor dealers in the state of Illinois, he declared as against some 375 at one time.

IT'S GRAND SAYS CHATHAM WOMAN

Enjoys Good Health for First Time in Sixteen Years—Praises Tanlac.

"I am now enjoying good health for the first time in sixteen years, and I owe it all to Tanlac," said Mrs. Sallie B. Shannon, of Chatham, Ill.

"During all those years I suffered from rheumatism, stomach trouble, disordered kidneys and a general run down condition. At times my feet were so swollen with rheumatism I couldn't get my shoes on, and my hands and arms pained me constantly. My back sometimes hurt me so it just seemed like it would break in two. "After eating sharp pains came in the pit of my stomach and made me so weak I had to go and sit down. Gas pressed around my heart and made it beat so hard and fast it frightened me. At times I couldn't retain even milk and eggs on my stomach. My nerves were so shattered any little thing would upset me completely. I never slept well at night and got so weak I could hardly drag myself around."

"But I'll tell you it's wonderful the difference in my condition since I have taken Tanlac. I will always be glad of it, for four bottles have made a well woman of me. My feet have quit swelling, my hands and arms don't hurt me any more, and in fact my rheumatism seems to have gone completely. I can eat just anything I want now and never have a touch of indigestion."

"My back has quit hurting me, my nerves are calm and steady and I sleep just like a child at night. All those tired feelings are gone and I feel good all the time. My neighbors are all the time speaking of my improvement and of the fine, healthy color I have now. Tanlac is truly a grand medicine and I shall always praise it."—Adv.

CARROLLTON NOSES OUT PITTSFIELD AND WHITE HALL IN MEET

Greene County Team Wins Out With a Score of 25 Points Getting Fourth in the Relay—This Gave Them an Edge of One Point on Opponents

Carrollton high with a well balanced team won the Sixth Illinois College Interscholastic track and field meet on Illinois field Saturday afternoon. The ability of Carrollton's athletes to place in many events brought home the bacon. The victors showed their gameness when they went into the relay tied with Pittsfield for second place and one point behind White Hall for first place. They ran second in this event which gave them three points, enough to win. Walsh of Pittsfield was the individual high point scorer and was awarded the cup for individual honors. He scored twenty points during the afternoon, in addition to making up a lot of lost ground and placing his team third in the relay.

Witt of Greenfield won the second race of the 440 dash and incidentally broke the record of 53 and 2.5 seconds which was made by White of East St. Louis in 1916. Witt stepped the distance in 53 seconds flat finishing in the face of a strong wind which was blowing thru the stretch. Had the day been as good as a week ago it is probable that Witt would have put the mark under 53 seconds.

Douglas was the best performer for Jacksonville. The locals tied with Beardstown, each making 11 points. Of these Douglas made eight. He won the first race of the 440 dash and ran second in the 880 yard run. The other events were made by Goebel who was fourth in the 120 yard hurdles, Alexander fourth in the broad jump and Houston fourth in the shot put.

The meet was run off in good time, everything including the relay, being finished before 4:30 o'clock. Coach Harmon had an excellent set of officials and these were ably assisted by Illinois college students. This made the various events go without a hitch and there was only one wait, that being for the broad jump.

There were a number of sterling performers at the meet yesterday. Bramley of Palmyra was one of them. He took the 100 yard dash in impressive fashion while Williams of Illinois copped the final in the 220 defeating a fast field. Crum of Waverly won the mile pulled up, stepping the distance in 4:56.35.

In the field events, Walsh, Goode and Knight had a pretty battle in several events and it was a toss up as to who would win. It is possible that both Walsh and Knight beat themselves out of points by taking part in some of the dash events which sapped their vitality.

The little city of Florida down on the B. & O. probably traveled the farthest to the meet. This school only had a three man team yet they captured one first, two seconds and one fourth place, giving them fifth place.

Taken in its entirety the meet was one of the most successful ever held by Illinois college.

Summaries:—100 yard dash, first heat—Longmeyer, Carrollton first; Peterson, Beardstown second; Knight, Waverly third. Time—10:4-5.

100 yard dash, second heat—M. Carmody, Carrollton first; Tyler, Diverson, second; Smith, Winchester third. Time—10:4-5.

GEORGE SISLER IS CLIMBING TO TOP

Is Nearing Top of American League Hitters—Hornsbey is Now Leading Hitters of National League.

(By The Associated Press) CHICAGO, May 14.—Make way for George Sisler!

That is the warning given the leading batters of the American league by the averages for the past week, including games of Wednesday, for the young first baseman of the St. Louis Browns stepped into a slugging streak which will soon carry him to the top of the list if it is continued.

Harry Heilmann of Detroit, leads the league with figures released today with the sensational figures of .521 but Sisler sent out thirteen safe hits in six games during the past week and climbed from thirty-fifth place to seventeenth position. The champion batter of 1920 increased his average from .286 to .352, his hits including three doubles, two triples and a home run. In addition he scored ten runs and stole two bases.

Heilmann hit in an unprecedented fashion to hold his league leadership, also smashing out thirteen hits in six games, three being doubles and two going for four bases.

Burns of Cleveland is the runner-up to the Detroit slugger with an average of .452 displacing Evans of Cleveland who was second last week. Evans is batting .417.

The veteran, Tris Speaker, manager of the World's Champions and Ty Cobb, pilot of the Tigers, give promise of being near the top before long. Speaker with .409 is in fifth place. Babe Ruth follows Tris with .403 and Cobb is next with .388. Wood of Cleveland is fourth with .412.

Babe Ruth by crashing out two circuit drives, brought his string of homers up to nine. Harris of Washington continues to set the pace among the base stealers, with six.

Other leading batters include Stephenson, Cleveland, .389; Menoskey, Boston, .375; Witt, Philadelphia, .373; O'Neill, Cleveland, .365; Garrity, Washington, .365.

Roger Hornsbey, the St. Louis star, who last season topped the batters of the National league, has batted his way to the top of the batters in the major circuit. Hornsbey boosted his mark from .388 last week to .471.

George Kelly of the New York Giants, who promises to give Babe Ruth of the Yankees a race for home run honors, failed to add to his total of a week ago, his total remaining at seven.

Holmes of Cincinnati broke the triple tie for stolen base honors, which he shared with Heathcote of St. Louis and Maranville of Pittsburgh, by stealing three bags. He is showing the way on the paths with seven thefts, while Heathcote is trailing with six.

Bubbles Hargrave of Cincinnati is trailing Hornsbey for batting honors with a mark of .405. Other leading batters: Johnson, Brooklyn, .393; Snyder, New York, .385; Kelly, New York, .371; Tierney, Pittsburgh, .369; Nicholson, Boston, .365; E. Smith, New York, .359; Cutshaw, Pittsburgh, .357; Maranville, St. Louis, .356.

Bunny Brief of Kansas City has dethroned his teammate Butler for the batting honors of the American Association. Brief boosted his average to .487, while Butler dropped to .473.

Zwilling of Kansas City bagged his sixth homer, but is being pushed by Rib, Miller of St. Paul and Red Russell of Minneapolis, who have made five a piece.

DECATUR LEADERS ARE HERE TODAY

Fast Macon County Team Faces Indians at South Side Park—Visitors Held Locals to a 2 to 0 Score Last Season.

The Decatur Leaders are coming here for a game with the Indians this afternoon. The visitors played here last year and were defeated by a score of 2 to 0. They are coming back today with the intention of evening up for that game.

The Indians are just as determined to make it victory number two from the Decatur team. The locals took a fast workout at the State hospital diamond Friday evening and are in good shape to give the Leaders an argument.

Manager Smith has not decided who will start the game. It probably will be Sims if he looks right, with Hamm in reserve. However, Hamm showed a lot of stuff last Sunday when he went to the mound to relieve Sims in the seventh. If he warms up as good today he may get the assignment. The teams will lineup as follows:

Decatur—Blasek, rf; Behins, as; Hebbing, 3b; Domroskie, 1b; Morenz, 2b; Knorr, lf; Heusek, cf; Quiek, c; Coover, p; Keck, ss; Hextink, p.

Indians—Denny, 2b; Wheeler, cf; Tuble, 3b; Clark, c; Cox, lf; Christopher, ss; DeFrates, lf; Morrow, 1b; Hamm, Sims, p.

SETS NEW RECORD FOR JAVELIN THROW

Urbana, Ill., May 14.—Illinois defeated Michigan, 82 to 53, in a dual track meet on Illinois field this afternoon. Broede, Illinois, broke the American intercollegiate javelin record with a throw of 192 feet, 8 5-8 inches.

The Jacksonville Browns are to go to Chandlerville to play ball today.

FORMER BIG SHOW PLAYER COMES BACK

Clarence Kraft, First Baseman of Ft. Worth Team Giving Ruth and Kelly Race for Honors.

By Associated Press. Fort Worth, Texas, May 14.—Down in what high salaried stars of the major base ball leagues term "the bushes," a discarded big leaguer is making such a valiant effort to prove that ball players do come back, that he is giving Babe Ruth and George Kelly a real race for national home run hitting honors.

Clarence Kraft, first baseman of the Fort Worth club of the Texas league, is the player who is trying to drive his way back to the major leagues via the home run route. On April 28 he smashed out his seventh homer of the season—four days before Kelly made his seventh and before Ruth had knocked out his sixth.

Kraft was tried out by the Boston and Brooklyn national league clubs in 1914 and sent to Newark. Even there he was not considered good enough to stick. But now, in the Texas league, this "discarded" has made up his mind to get back in the majors and bids fair to literally "blow his way into another try-out."

Overtraining, which may prove dangerous before the season closes, faces the base ball player who enters some other sport between seasons, according to Kraft.

The home run hitter who played basketball early in his diamond career, warned beginners against overtraining.

"A ball player who engages in other sports between seasons is as liable to overtrain much the same as a prizefighter and he will suffer the same effect," Kraft said. "A little basketball playing, or some other exercises is good to work off surplus flesh and put a baseball player into condition just before the opening of the spring training season, but it should not be overdone."

"Baseball players should not play a complete series of basketball games, or follow his summer's work with some other sports thruout the winter season. The effect will be felt during the progress of the next baseball season, for the player's muscles will be so overdeveloped that they will begin to lose their force and his playing will suffer as a result."

Kraft first began his professional baseball career with the Boston and Brooklyn teams of the National League in 1914. He was "farmed out" to the Newark club of the International league and remained with that team until 1916, when he went to the Louisville and Milwaukee clubs of the American Association. In 1917 he came to Fort Worth and has played here since.

It was in 1914 and 1915 that Kraft was active in basketball. He played in a Y. M. C. A. team at Evansville, Indiana, and coached a high school team while there. Later he played semi-professional basketball in Michigan.

MEMORIAL FOR ILLINOIS UNIVERSITY HEROES

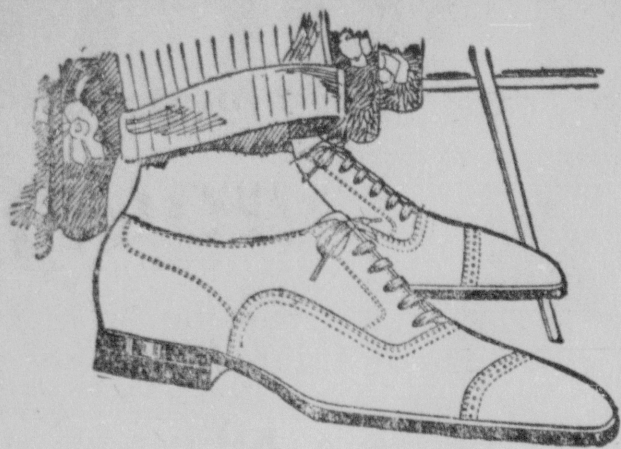

Urbana, Ill.—As a memorial to the 173 men from the University of Illinois who lost their lives in the world war, a Court of Honor will be built in the new athletic stadium to be built with a \$250,000 fund now being raised. There will be 173 columns in the court—one for each of the university heroes.

Already various campus organizations have sponsored more than half of the columns, pledging \$600 each as their contribution to the memorial. Those donations which lost men during war will dedicate their column to the memory of their comrades in death.

One of the private members of a column is the Field Artillery Regiment, R. O. T. C. composed of men from many organizations and from none at all. The regiment plans to dedicate its column to some former university athlete who was not a member of any campus organization.

Deaths

Ranson.
The venerable Peter Ranson passed away at 11:30 yesterday morning at his home southwest of the city beyond the mound. He had been in poor health for a long time, his heart being affected badly by the immediate cause of his death was pneumonia which he was unable to resist. Mr. Ranson was the son of James and Sarah Jane Richardson Ranson and was born near his residence on the home place and his entire life had been spent in that vicinity. He devoted his life to farming at which he was successful and was a man of industry and integrity and was greatly esteemed and respected by all who knew him. He did much to improve and build up his part of the county and was a good friend and neighbor, honest and true in all respects.

He was a faithful member of the Point church and the Anti-Horse Thief Association. April 15, 1874 he was married to Miss Frances Mawson, who passed away April 23, 1895. He is survived by four sons, Charles E., Frank W., William K., and Walter Ray, George L. and Sarah B., and an infant son preceded him in death.

His surviving brothers are William H., of Wichita, Kansas; Robert R., west of the city, and James H., of Jacksonville. John, George B., and Charles D., Mrs. Elizabeth Hayden, Mrs. Mary A. Groves, Mrs. Sarah Jane Watson and Mrs. Maria Middleton, brothers and sisters, are dead.
The funeral will be held at the Point church at 2:30 Monday afternoon. Friends wishing to view the remains will please call at the home Sunday or Monday morning as the casket will not be opened at the church.

WOMAN'S CLUB GIVES ANNUAL MAY BREAKFAST

Many in Attendance at Charming Social Function Yesterday—Elect New Officers for Year.

One of the prettiest social functions of Jacksonville's spring season, was the Woman's club May breakfast given yesterday at Grace church. There were over two hundred guests present and a delightful breakfast was served, by the ladies of Grace church. Mrs. Paul Samuel was head of the dining room service and the circles of Mrs. Ben Lorton and Mrs. Timmons were in charge.

The guests were seated at twenty-six small tables, artistically adorned with baskets of lilies, roses and spring flowers. Lighted candles shed a soft glow over the room and gave a lovely effect to the scene. A delicious four course menu was served.

At each table two club members acted as hostesses. The hostesses for the day were, Mrs. Bufile, at the executive board table; Mrs. J. J. Reeve, president of the Domestic Science Round Table group; Mrs. T. O. Hardesty, Mrs. George Hocking, Mrs. George A. Smith, Miss Mary Laurie, Mrs. H. B. Kamm, Mrs. Stanley Davis, Mrs. John W. Cleary, Mrs. W. B. Groves, Mrs. James F. Green, Mrs. Ralph Cowgill, Mrs. Tilman Stout, Miss Edna Stout, Mrs. John O'Donnell, Mrs. Tom Duffner, Mrs. E. P. Brockhouse, Mrs. C. E. Williamson, Mrs. P. F. Phillips, Mrs. Vorse Bassett, Miss Grace Dummer, Miss Amy DeMotte, Mrs. J. K. C. Pierson, Mrs. Thomas Heaton, Mrs. Ernest Sibley, Mrs. Lloyd Hamilton, Mrs. H. P. Mohr, Mrs. John Sheppard, Mrs. Charles Hackett, Miss Tillie Goebel, Mrs. Charles Rataichak, Mrs. D. E. Kennedy, Mrs. L. B. Turner, Mrs. Marshall Miller, Mrs. George Baxter, Mrs. M. A. Hulet, Mrs. James Rawlings and Mrs. Keith Montgomery. Following the luncheon came the formal program, opening with a brief talk by Mrs. O. F. Bufile, the retiring president. Mrs. Bufile gave an outline of the work done the past year and referred to development, which has come during the years since the club was organized twenty-four years ago.

Reports for various committees were made, all indicating that the past year has been a busy and fruitful one. Mrs. J. K. C. Pierson for the membership committee reported 137 new and reinstated members for the past year and a total paid membership this year of 389. Mrs. W. S. Jones, chairman of the civics committee, made an interesting report of the citizenship school conducted under the committee's auspices several weeks since.

Mrs. J. J. Reeve in reporting for the Domestic Science Round Table gave a resume of the year's work and told something of the plans for the future. Mrs. Keith Montgomery told of the activities of the social service committee and of the loan chest which is now maintained. Mrs. W. Barr Brown gave the report for the music committee and Miss Mary Anderson the education committee. The reports of the secretary and treasurer were also presented and gave further proof of the club's activities and satisfactory financial status.

The annual election of officers was held and the following were chosen:

President—Mrs. A. B. Williamson.

Vice President—Mrs. John F. Buckley.

Second Vice President—Mrs. Vorse Bassett.

Recording Secretary—Mrs. L. B. Turner.

Corresponding Secretary—Mrs. W. D. Roberts.

Treasurer—Mrs. George Rogerson.

Assistant Treasurer—Mrs. J. N. Conover.

After the business session a very delightful song program was given by Mrs. William Barr Brown accompanied by Miss Ellen McCurley. Mrs. Brown sang "A Red, Red Rose" by Lois Baptiste Harsch; "From a Prison" by Hector Panizzi; "Rain" by Pearl Curran and the "Winds in the South Today" by John Prindle Scott.

Miss Jeanette Powell then gave a very charming reading as the last number on the program.

A delightful feature of the afternoon was a reading, by Miss Janette Powell, "Designer of Dawn."

Among announcements made was that of the county federation picnic which is to be held on Thursday, June 2, on the grounds at the Anti-tuberculosis sanatorium.

WOULD MAKE POPPY MEMORIAL FLOWER

Campaign Inaugurated By
French Woman to Have It
Worn in United States on
Memorial Day—Residents of
Devastated Region Are Making
Artificial Ones.

SPRINGFIELD, ILL. — (By
The Associated Press.)—Direct
from the war-devastated regions
of France, Madame Blanche
Berneron has come to Illinois to
arouse interest in a nation-wide
movement to wear a red poppy
on Memorial Day as a tribute to
America's dead who sleep in
Flanders Fields.

Madame Berneron inaugurated
her campaign here in Springfield
when she spoke before the dis-
trict convention of the Illinois
Federation of Women's clubs.
Her Illinois itinerary will in-
clude these cities:

Decatur, Danville, Champaign,
Peoria, Quincy, East St. Louis,
Ottawa, Joliet, Rockford, Rock
Island, Elgin, Moline and Aurora.

"I recently visited Flanders
Fields and saw the very large
number of crosses, each bearing
the name of a soldier sleeping
there," said Madame Berneron.
The beautiful red poppies were
blown by the wind and seem to
send a message from the dead
people not to forget them.
The devastated district in north-
ern France consists of a large
tract of territory, some of it can
never be anything but non-pro-
ductive soil. People, old and
young, in that part of France
are manufacturing the poppies.
The profits will go toward the
support of the children in the
devastated country."

Legion posts throughout the
state are behind the movement

to sell the French poppies, and
assisted by the auxiliaries and
other patriotic organizations
they expect to place them on
sale a few days prior to Memorial
Day. The crimson red poppy
was adopted as its flower by the
American Legion at its last con-
vention.

**THE FUNNIEST 5-REEL
COMEDY EVER MADE**

Scott's theater Monday, Tues-
day and Wednesday we have a
laugh in store for you.

You'll agree that the funniest
picture you have ever seen is
"Seven Years Bad Luck," a new
Robertson-Cole super-special with
Max Linder. This picture has
more laughs than a hop-toad has
hops. For the first time in
years, the moving picture lover is
privileged to see a roaring com-
edy which has not the slightest
suggestion of slapstick humor in
any of its five reels. Max Linder
returns to the screen after a no-
table record in the Army of
France during the late war. To
see him again is to know how
much he has been missed.

You may divine that the "Sev-
en Years Bad Luck" comes to
Max thru breaking of a looking
glass. But this is all you will be
able to doze out. There is a se-
ries of convulsing episodes which,
until he has seen the picture, are
beyond the imagination of the
layman.

MANY CARP TAKEN FROM ILLINOIS RIVER

Brief History of Introduction of
Fish to America Given—Is Di-
rect Descendant of China, Ger-
man Carp Being a Misnomer.

(By The Associated Press)

SPRINGFIELD, May 14—More
Chinese food than is served by an
Chinese restaurant, together,
is drawn annually from the Illinois
river in the shape of its carp, ac-
cording to the latest publication
of the State Division of Natural
History Survey. It is written by
Professors Forbes and Robinson
of the University of Illinois.

This fish, commonly called the
"European carp," is not Euro-
pean but is a direct descendant
of Chinese ancestors. Its history
from the time it left China until
it became in 1899 the most popu-
lar fish of Illinois is contained
in the new publication on "The
Fishes of Illinois."

"The carp," says the book,
"which is native in China, was
introduced into Europe as early
as 1227, and was first brought
to England at the beginning of
the sixteenth century. The first
successful introduction of carp
into the United States was made
in 1877 when R. Heasel for the
U. S. Fish Commission brought
345 carp to this country."

"Introduction of carp into wa-
ters of Illinois began with the first
distribution two years later and
in 1880 scald carp to the num-
ber of 800 were received from the
U. S. Fish Commission. In 1881
and 1882 a total of 2,500 more
carp were received and distrib-
uted by the Illinois Fish Commis-
sion, the distribution being mos-
tly made in lots of only ten to a
single person."

"In 1885 the first large carp
was caught in the Illinois river,
a specimen 30 inches long being
taken at Meredosia. In 1887
about 16,000 more carp were
panted in the public waters of
the state. Between 1888 and
1890 reports of the capture of
carp of considerable size increas-
ed in number, particularly from
points along the Illinois river,
and by 1892 this fish had multi-
plied to such an extent in the
waters about Havana that more
than 3,000 pounds were taken
from Clear Lake in a single haul.

"By 1898 the multiplication
and utilization of carp had in-
creased to such an extent in this
state that Captain John A.
Schau of Havana wrote, 'From
the information I can get as an
official of the Illinois Fish Com-
mission's association from all points
along the Illinois river, the carp
have brought more money than
the catch of all other fish com-
bined. Long live the carp!'

"Carp are now found very gen-
erally distributed over the state,
being most common, however, in
the Illinois river and in our
larger and more sluggish streams
and lakes and bayous connecting
with them. They are not yet
very abundant in southern Illi-
nois."

"The carp catch of the Illinois
river alone reaches six to eight
million pounds a year, valued at
more than \$200,000."

FIRST "TRADE" COURT IN U. S. OPENED IN CHICAGO. The initial session of Chicago's "Trade Court," the first of its kind in the United States, marked the beginning of a tribunal long considered by the Chicago Association of Commerce to relieve the municipal and higher courts of commercial disputes involving matters of fact and not law. Similar courts have been in existence in Europe for some years. Photo shows Judge J. Kent Green, manager of the Commercial Arbitration Bureau (seated on right), arbitrating the first case between the Universal Theatre Concessions Co., of Chicago, and O. B. Andrews of Chattanooga, Tenn.

**CHILDREN GAVE
EXCELLENT RECITAL**

Saturday afternoon there was
a children's recital given at
Music Hall which attracted a
large and interested audience.
The pupils were from the studios
of Misses Hay, Larimore, Meh-
us and Horsbrough and they show-
ed a uniformly high standard in
elementary teaching.

The children played with pre-
cision, good tone and careful
pedalling and there was a sense
of freedom and spontaneity in
their interpretations.

Of special interest was the
demonstration of the work done
in the primary piano classes un-
der the supervision of Miss Me-
hus. The phase of the work she
chose for demonstration was the
pedal study, the coordination of
feet and hands at an early age
being necessary in order to later
master the difficult pedalling re-
quired in modern music said Miss
Mehus.

Each little pupil also played
little "expression" pieces.

The most unique number on
the program was the closing
number the "Kitchen Symphony"
which was played by the inter-
mediate theory class, conducted
by Miss Mehus.

Miss Corinne Thomason pre-
sided at the piano and the "or-
chestral instruments" ranged
from glasses to tin covers and
saucepans. Each performer, in
keeping with the instruments,
donned an apron and a cook's
cap. The performance was in-
teresting and clever, but beneath
the frivolous exterior one sensed
the splendid study in rhythms
and preparation for ensemble
playing the work offered. Miss
Mehus announced that the classes
in theory would continue next
year along the same lines of
study as have been followed this
year.

BRONZE BELL RINGERS HUSHED BY PROGRESS

Have Sounded Out Hours to
Crowds in Herald Square for
Twenty-Six Years—Building
Being Demolished to Erect
Sky Scraper.

New York—(By The A. P.)—
Two bronze bellringers, which for
twenty-six years sounded out the
hours for crowds in Herald
Square, have been hushed by the
progress they recorded. Their
home, the famous old New York
Herald building, one of the archi-
tectural beauties of Manhattan,
is being demolished to make
room for a skyscraper.

Crowds loved to stand where
Broadway is crossed by Sixth
avenue and Thirty fifth street
and watch the twin figures bang
their sledges against the big bell
suspended between them. With
the heroic sized Minerva which
stood above them and the big
bronze owls which roosted along
the cornice of the building they
are to be preserved.

The Herald building, designed
in Italian Renaissance style after
the municipal structure at Ve-
rona, Italy, was built on leased
land in 1893, the lease providing
that at its expiration the struc-
ture should revert to the land-
owners, but the lessee would keep
the bronze ornaments. These
were designed by Jean Carles, a
French sculptor, and were said
to have cost James Gordon Ben-
nett, then the Herald's owner,
\$20,000. The bellringers were
similar to those on a building
opposite St. Marks in Venice.

They may be placed on the pro-
posed James Gordon Bennett
Memorial Home for newspaper
men. On the day they were re-
moved from the familiar sur-
roundings, a movement was start-
ed to change the name of Herald
Square to Bennett Square.

DRESS IN PURITAN DAYS WAS REGULATED

Dame Fashion Had Bewitching
Effect on Young Men and
Maidens.

Boston—Dress reformers of
the present day, who deplore the
abbreviated skirt and the peek-
a-boo waist may be astounded to
learn that even in the good old
Puritan times the lure of Dame
Fashion had a bewitching effect
on the young men and maidens.
Researches into the ancient laws
of Massachusetts Bay colony
have revealed that the fathers had
their own troubles with their off-
spring who recognized a snappy
style when they saw it.

In 1834, just four years after
the arrival of Governor Win-
throp's ships, the apparel ques-
tion had become so pressing that
the law makers tried their hands
as fashion moulders. Here is the
statute placed on the books in its
original wording:

"The court, taking into consid-
eration the great, superfluous
and unnecessary expences occa-
sioned by reason of some new and
immodest fashions as also the
ordinary wearing of silver,
gold, and silk laces, girdles,
hat bands, etc., hath therefore
ordered that no person, either
man or woman shall hereafter
make or buy apparel, either
woolen, silk or linnen, with any

lace on it, silver, gold, silk or
thread, under the penalty of for-
feiture of such clothes.

"Provided,—and it is the
meaning of this court that men
and women shall have liberty to
wear out such apparel as they
are now provided of, except the
immoderate greate sleeves, slash-
ed apparel, immoderate greate
rayles, long wings, etc.

"This order to take place a fort-
night after publishing thereof."

New Organdie Hats in all
the new shades and white.

Forceful Facts Concerning the Interests of Former Soldiers, Sailors and Marines.

Spain maintains an army of 190,000 men.

The exact duration of the World War was four years, three months and 11 days.

The United States army transport Wheaton is enroute to this country with 3,800 bodies of American soldiers aboard.

In hospitals in and around London there are now 10,250 wounded British soldiers. Outpatients in the same vicinity number 64,000.

Charles R. Forbes, of Seattle, was recently appointed director of the Bureau of War Risk Insurance, succeeding R. G. Cholmeley-Jones.

In Belgium, 280 houses have been built in Louvain in the past year, the shortage thruout the country is estimated at from 200,000 to 250,000.

The U. S. Government now has a total of \$1,452,000,000 of insurance in force upon the lives of 690,000 former service men and women, veterans of the World War.

Nine hundred Germans, whose punishment has been demanded by the Entente for crimes committed during the World War, will face trial at Leipzig in the near future.

The United States navy is placing on sale 40,000 standard books, worth \$90,000, which the department purchased during the war to provide libraries for naval vessels and shore stations.

The future career of Prince

Henry, the third son of the King and Queen of England, is destined for military life. He is at present attached as a second lieutenant to the 13th Hussars at Aldershot.

The U. S. Navy Department has granted Rear Admiral William S. Sims a special leave of absence for the purpose of going to England, where he will receive an honorary degree from Cambridge University.

When the ships of the Atlantic fleet honored President Harding as they passed the yacht Mayflower, while entering Hampton Roads a short time ago, gunpowder valued at \$12,365 was used in firing salutes.

Because of the great feats accomplished by the navy during the World War, the Secretary of the Navy has asked Congress for \$25,000 for use in obtaining a historical record, in the form of paintings, of the American fleet in foreign waters.

A design of a medal has finally been selected to be presented to the city of Verdun, France, by the President, in the name of the Congress and the people of the United States, as a mark of America's appreciation of the valor of the defenders of that city.

In compliance with a new order, American naval officers, of and above the rank of Lieutenant commander, will again be required to wear the full-dress uniform for stated occasions: the frock coat, full-dress trousers, cocked hat, dress sword and belt, and epaulettes.

Only actual expenses not to exceed \$50 will be paid by the U. S. government for delivery of a draft dodger to the nearest station. This includes subsistence and transportation, but no allowance is made to the officer or civilian for his service when making the arrest.

The oldest poultice of France, Charles Surugue, age 82, veteran of both the French-Prussian and the World War, recently died in Paris. Surugue, who served as a volunteer in the war of 1870-71, volunteered again in 1915, and was assigned to duty as a sapper.

The War Department has practically completed plans for the establishment this summer of a number of citizens' Military Training Camps thruout the entire country, where a month of military instruction and carefully supervised physical training is offered to the youths of the nation.

Out of the 11,000 former students of Harvard University who served in the army and navy during the World War, 164 were killed in action or died of wounds; 125 died of disease, 32 were killed in airplane accidents or died as a result of such accidents, and 34 died from other causes.

Soldiers' bonus legislation has been enacted in Maine, Massachusetts, Minnesota, New York, North Dakota, Rhode Island, South Dakota, Vermont, Wisconsin and Washington. In the following states, such legislation is pending: California, Colorado, Ohio, Oregon, Missouri, Nebraska, Pennsylvania and Tennessee. According to reports recently made in the Reichstag which revealed indemnities that would have been demanded if Germany had won the recent war, the United States would have been taxed \$30,000,000,000 in gold; England the same amount, and France as much as \$40,000,000,000.

A campaign is proposed, fostered by Federal departments and directed by State authorities to bring all service organizations, the American Legion, G. A. R., Gold Star Mothers, Buck Private Association, Veterans of Foreign Wars, service auxiliaries and individual families, into a plan for planting trees along the great new American highways in honor of each and every United States soldier and sailor in the World War. It is further planned to attach a permanent marker to each tree, bearing the name of one service man and the organization to which he was attached, no rank being given.

STORY OF NEW YORK PHILHARMONIC IS TALE OF PROGRESS

America's oldest orchestra began with few concerts but great enthusiasm.

The early days of the New York Philharmonic Orchestra which plays here on May 26, were a struggle to struggle of artistic enthusiasm against inertia and indifference.

The first concerts of the society were held in the Apollo Rooms, the same fashionable hall in which the society was founded. At these concerts chairs were unknown. The audience sat on benches.

Members of the orchestra received the subscribers at the door of the concert hall and escorted them to their seats. These ushers were selected by the society because of their appearance and demeanor, and wore white gloves which were paid for by the society. They carried long, thin batons of wood painted white. These were the symbols of their office. Their perhaps too formal appearance caused considerable amusement among the younger members of the audience so that the custom was finally discontinued. As a result the fourth annual report of the society declares that \$4.75 were saved owing to the fact that ushers' gloves were no longer paid for by the society.

The society rapidly became a leader not only in musical circles but as an attraction for New York society. Early in its life a class of associate members who were privileged to attend rehearsals was established. In the sixth season of its existence, the Philharmonic saw the admission of ladies to its associate membership. In the twenty-fifth year of the society, when Dr. Doremus was its president, the orchestra was increased to ninety members, then to one hundred, and every endeavor was made to make the program more attractive. Society and the world of fashion were enlisted into the service of the Philharmonic. Mr. Edwin Booth, the famous actor, was persuaded to read Byron's "Manfred" to the accompaniment of progressive methods resulted in a tremendous financial success.

In connection with the business arrangements of the society, it is interesting to note that only one concert was ever postponed. On April 22, 1865, the last concert of the twenty-fifth season was scheduled to be given. On the evening of the 14th of April, President Lincoln was assassinated. The concert was postponed to the 29th and it was resolved to replace the choral of Beethoven's Ninth Symphony by the funeral march from the "Erebor."

SOME INTERESTING REMINISCENCES

Yesterday morning Elmer Henderson was narrating a few reminiscences and while not expecting them to be published the writer feels they are too good to remain untold.

A short time since the local body of world war veterans was visited by some fraternal friends from Springfield when one of them, evening Mr. Henderson closely, remarked, "I saw you in Bordeaux, France. I was playing slide trombone in a military band and you were doing the same in another and I especially noted you."

And then followed an account of some experiences showing the skill and bravery of our splendid American soldier boys. Once he was on a street car and one of the boys, more thoughtless than bad, began making some remarks about a young woman on the car, assuming of course that she was French and couldn't understand. She let him go on for quite a while and then giving him a withering look remarked in good English: "I understand every word you say."

The young man utterly wilted and left the car as soon as possible.

When the boys were being fitted with uniforms for returning there was not a great deal of attention paid to the matter of fitting. In the company was a big six footer who was unable to get a suit that would fit him so he mischievously selected the smallest uniform he could find and cut a supremely ridiculous figure with pants almost up to his knees, coat with sleeves ending just below his elbows and all else in proportion. He was the laughing stock of the command. When the grave and dignified inspecting officer came along to look over the men drawn up in line he stopped in front of

the big fellow and without cracking a smile said: "Orderly, get this man some clothes."

COMMENCEMENT AT MANCHESTER SCHOOL

Graduation Exercise at Community High School Held Friday Evening—Pencils Marks Final Day of School.

Manchester, May 13.—The commencement exercises of the Manchester community high school were held at the Baptist church at 8 o'clock Friday evening. The auditorium was filled with relatives and friends of the graduates and a very fine program was presented. The address of the evening was by Dr. G. M. Potter, president of Shurtleff college, Alton, and was one of special merit.

The program was as follows: Class march—Lyric orchestra. Invocation. Salutatory—Leta Howard. Music—Orchestra. Address—Dr. G. M. Potter.

Music—Orchestra. Valedictory—Paul Lashmet. Presentation of diplomas—Mary D. Sullivan.

Music—Orchestra. Benediction. Picnic Closes School Term. A picnic was held Friday, the event being in honor of the final day of the public school term. At noon a basket dinner was enjoyed by the pupils and the members of their families. Afterward came an excellent program by pupils of the primary and intermediate departments. The children deserve great credit for the manner in which they carried out their parts.

ILLINOIS WOMAN'S COLLEGE NOTES

The May Pageant given last Monday afternoon on the college lawn was a success in every way. The usual threatening weather arrived too late to interfere with the attendance. Many out of town guests were here, as well as hundreds from Jacksonville. The work of Mr. Kearns in arranging the pageant and taking charge of the music was especially appreciated.

President Harker is spending a few days in and around Champaign in the interest of the college. The endowment fund has been creeping steadily forward. The students and faculty held an enthusiastic meeting at the chapel hour Thursday morning. At this meeting additional endowment of over \$8,100 was announced. This was considered an unusually good showing for the students and faculty.

Friday morning was installation day for the newly elected officers of the Students' association. The affairs of the association have been managed with special ability this year, and from the personnel of the newly installed officers there is every reason to believe that the same high ideals will be maintained. An interesting feature of the installation service was the reading of an editorial published in the Greetings in 1913, which recites among other things, the need of loyalty and cooperation. This article was written by Miss Lois Coultas, who was then editor of the Greetings.

Extensive plans are being made for the Belles Lettres anniversary in June. This is the 70th year since the founding of the society. From all indications a great many of the former students and graduates will be at the college to properly celebrate this event.

The Art exhibit this year will be of special interest. Miss Knopf has a large number of unusually gifted students in the work of the department. The exhibit will be held on Friday and Saturday, June 3 and 4, in the Art studio. This exhibit is open to the public, and any one interested in seeing the splendid work which has been done is welcome.

Miss Ruth Haywood of Lafayette Ind., has been visiting at the college the past week. Miss Haywood was a student at the college last year.

Mrs. H. O. Munson of Rushville is visiting her daughters, Misses Marian and Harriette.

FARM BUREAU NOTES

Covering Potatoes with Straw—In visiting farms along the Bluffs from the old Meredosia trail north to Arenville, we found that practically every farmer covers his potatoes with straw as soon as planted and does away with any further cultivation. They like this plan because they do not have to leave the corn fields in order to plow a potato patch. The potatoes grown in this way are considered by many to have a better flavor than those grown according to the ordinary methods of growing.

Hubam Sweet Clover—The State College of Iowa has offered to furnish us samples of the annual sweet clover discovered by H. D. Hughes of that school. In a recent letter he states that the Alabama strain is earlier than the lower grown, but they offer to send us some of each kind for a demonstration test.

Crimson Clover—Occasionally clover seed shipped into Illinois contains some crimson clover. This legume is not considered adapted to this locality. However, the writer seeded a part of a back yard with odds and ends of seed that had accumulated at the office and now has several crimson clover plants that survived the winter. Apparently these are doing well and are now in blossom. The plant itself is attractive enough to be cultivated for ornamental purposes.

Loess—This is a name of the wind blown soil deposits that constitute those large bluffs in the western part of Morgan county. When these are tested with acid we find they contain a high percentage of carbonates. When sweet clover is started on these hills, it will take hold and grow. The farmers in Cass county at the suggestion of Farm Adviser R. W. Dickenson, have sown considerable sweet clover on these hills and it promises to be a practical way of making glad the waste places.

Fred Neat of Winchester was among to city's visitors Saturday.

A NOBLE WORK.

The Journal is indebted to M. R. Ferreira of Honolulu for a copy of the Honolulu Star-Bulletin which contains an account of a fine work done by Miss Mary Ruth Ferreira, teacher in the Liliuokalani school at Kaimukā.

The worthy young lady, a graduate of the Woman's college, of the state normal university class of 1906, has been especially active in seeking crippled children and trying to have them assisted to normal conditions. A remarkable case of a child who started on the way to health was that of a little girl who had measles at 15 months of age, and after infant paralysis. For five years she suffered greatly and then was able to drag about a little drawing one leg almost helplessly after her. The child also developed tuberculosis. Money was raised for the case and the child sent to San Francisco to a cure for the tuberculosis and then to the state university where thru a series of operations and successive treatment the legs have been restored almost to normal conditions. It is certainly a wonderful work.

Miss Ferreira is anxious to see something in a public and general way done on the islands for similar cases.

LADIES' EXCHANGE HELD MARKET

The Ladies' Exchange held a sale of very tempting and attractive foodstuffs yesterday at the Von Fossen music company store on West State street. Home made bread, rolls, cakes, doughnuts and salads were among the delicious articles for sale. Mrs. J. G. Smith is at the head of the exchange. The ladies will have a market next Saturday at the Haas Electric company on East State street.

Improvements at Passavant Hospital

The main features of Passavant hospital are well known and reference will first be had to the recent improvements.

On the first floor is the new pavilion which is such a source of pride with its fine rooms, sun parlors and all the latest and best equipment. A recent addition is a fine skylight in the center of the main hall which sheds radiance all around. The fine diet kitchen is well used and the rooms are so delightful they alone would almost make a sick person recover.

All the way from the east front door to the sun parlors in the new pavilion new linoleum has been laid.

Newly equipped surgical room with asbestos floors and walls hard finished makes dressing surely anti-septic.

The first floor operating room is now a regular suite instead of one apartment.

First there is large surgical store room where all kinds of supplies are kept. The whole suite has been wholly re-decorated and equipped with the latest appliances and a superb sterilizing plant has been installed. The whole apartment is well lighted and has as cheerful an appearance as is possible for such an apartment. On the second floor a surgical dressing room has been fitted up with the same appliances as are found in the one on the first floor. It has been re-decorated and all put in the best condition.

The walls in the halls are being painted in cream tint giving them a light and cheerful appearance.

A new feature is the historical room in the apartment formerly used as a laboratory. Here Miss Nunes is in charge and is working at the records placing them in order so that any part of the past history may speedily be ascertained.

On the third floor a new laboratory is being fitted up with modern appliances all intended to

place it in strictly first class condition. This is in charge of the laboratory committee and under the especial supervision of Dr. Garm Norbury. Miss Clara Ellzabeth Russell, daughter of Andrew Russell, is now taking instruction of Dr. Garm Norbury in laboratory technique and is to be in especial charge of that room.

All the third floor halls are being painted which will add much to their appearance.

On the third floor are three X-ray rooms which are all being refurnished and redecorated and remodeled.

On this floor is a private lavatory for the doctors' use. There they may take a shower bath while each has for his private use a steel locker. These appliances are useful for a surgeon after an operation.

The third floor operating room suite is truly a model in all respects. Thoroughly light and airy, finely decorated and all sanitary precautions taken, it is truly a delight to behold. It has been remodeled and redecorated while the sterilizing apparatus is of the latest and best pattern.

Another room is for maternity purposes. This apartment has been redecorated and fitted up in the best manner possible.

On this floor, too, is a surgical store room containing all sorts of surgical supplies stored in case of need. In general the hospital is in fine shape; all the rooms are well kept, neat and clean.

In all the improvements mentioned nothing whatever has been done for show but all has been for the welfare and needed equipment of a first class refuge for the sick and wounded.

The various improvements mentioned have been in especial charge of Vice President H. J. Rodgers who has given much valuable time to the work and has acquitted himself with great credit.

Oven-Dinner COOKING Demonstrations

May 18 to 20, Inclusive

Temperature Cooking---the Secret of Success in the Kitchen

The economical advantage of Oven-Dinner method of preparing the daily meals, and the absolute freedom from pot-watching, will be thoroughly and conclusively shown in these demonstrations by the actual cooking of foods, such as Boiled Potatoes, Roast of Pork, Baked Potatoes, Stewed Onions, Stewed Apples and Rice Pudding—foods which it is ordinarily thought require differing lengths of time and six different places on your stove if those named were to be cooked at the same time.

Taking the items of food listed above it readily will be seen that some one must give more or less constant attention until the foods all are done.

By the method which we shall demonstrate you will learn that it is possible to put all of these articles into a gas range oven, leave the kitchen, or the house, for as long as desired, with the certain knowledge that your meal is properly and safely cooking.

Place of Demonstrations

WEDNESDAY, MAY 18—There will be a demonstration of the LORAIN OVEN HEAT REGULATOR method of cooking to the pupils of the Domestic Science class of the Jacksonville High School. THIS IS FOR PUPILS ONLY.

THURSDAY, MAY 19—Before the Domestic Science class at the ILLINOIS WOMAN'S COLLEGE, to which the PUBLIC IS INVITED.

At this demonstration a committee of students selected by Miss Jones, head of the Domestic Science department, will place the full meal prepared in the oven at 11 o'clock in the morning, seal the oven and it will not be again touched until 3 o'clock in the afternoon.

Here also, there will be a talk by Miss Jones, her subject being "My Experience with the LORAIN."

The entrance to the Domestic Science department at the Woman's College is west door, Harker Hall.

FRIDAY, MAY 20—Demonstration at OUR OFFICE, to which the public is cordially invited.

Here, as at the Woman's College, a complete meal will be placed in the oven at 11 o'clock in the morning when the oven will be sealed and not be opened until 3 o'clock in the afternoon.

Of Particular Interest

These demonstrations will be in charge of factory experts, men who have had practical experience in this manner of economical and pleasant cookery. Its every phase will be fully and carefully explained and its economy clearly shown. At each—the foods cooked will be served to those present as an evidence of the truth of the claims made for the LORAIN, and the Clark Jewel Gas Range.

Come in at 11 o'clock and see the meal placed in the oven; come in at any hour of the day, but by all means be present at 3 o'clock in the afternoon when the meals are taken from the oven and served.

These oven-dinner demonstrations will prove a big revelation to those having to do with the preparation of the meals in the home.

Nuxated Iron Imitator Comes To Grief in U.S. Court

ORDERED TO PAY \$1,000 DAMAGES

and to cease using the words "Nux and Iron" on the fraudulent imitation. Another Nuxated Iron imitator was recently caught in Tennessee and given a heavy fine for violation of the criminal law—But the rascals are not all caught yet so beware of substitutes—How to tell the genuine.

IN LIFE THERE ARE "FAKE" DIAMONDS AND REAL DIAMONDS. For real diamonds there are always imitations and substitutes, but nobody ever heard of a substitute for a "fake" diamond—IT'S THE THINGS OF REAL VALUE THAT ARE AFFLICTED WITH IMITATIONS.

Nuxated Iron has its substitutes and fraudulent imitations, the reason is plain. NUXATED IRON IS ORGANIC IRON LIKE THE IRON IN YOUR BLOOD and like the iron in spinach, lentils and apples. It is far more expensive to manufacture Nuxated Iron than ordinary metallic or mineral iron which people usually take, and which is made merely by the action of strong acids on small pieces of iron.

OVER 4,000,000 PEOPLE ANNUALLY ARE USING NUXATED IRON TO HELP GIVE THEM RICH RED BLOOD, REVITALIZE THEIR WEAKENED NERVES AND INCREASE THEIR BODILY AND MENTAL VIGOR. The fraudulent imitator assumed that by offering a product with a similar name for a little less money which he claimed to be just as good, that he could fool thousands of people into buying it, and thousands have been so "fooled" and often have suffered from the results. Beware of substitutes. Always look for the word "Nuxated" on every package and the letters N.I. on every tablet. Sold by all druggists.

PAIGE

The Most Beautiful Car in America

A Car With Personality

There is an air of distinction about the New Series "Glenbrook" that you will find in no other moderate priced, five passenger car. That is why it has been adopted by really smart people who will not tolerate the commonplace.

Then, remember, it not only looks but acts the thoroughbred. Under the hood there is a marvelously efficient motor that accelerates from five to twenty five miles per hour in nine seconds flat. This means giant energy for hills and every test of the highway.

Last, but not least, the "Glenbrook" is a rigid Economist. It extracts every atom of power from a gallon of gasoline and turns up surprising mileage on a set of tires. It is a thrift car with a keen sporting personality—a very hard combination to find.

But we ask you to establish these facts for yourself. Take just one ride in the "Glenbrook" and discover what actually lies hidden under the hood. It will prove a revelation, we believe, and a liberal education in strictly modern engineering.

Church Services Today

Grace Methodist Episcopal Church—Thos. H. Tull, pastor. Sunday School, 9:30 a. m. T. V. Hopper, superintendent. Our aim is, every member of the church in Sunday school, and every member of the Sunday school in church. If each one will help us in this we shall soon reach the goal. Morning worship, 10:45. The theme of the sermon will be "Christ's Program as a Preacher." Epworth League meeting, 6:30 p. m. This is Anniversary Day. Miss Ida Voltrath will be the leader. All our young people are invited to these services. Older people will also find these meetings exceedingly helpful and inspiring. Evening worship, 7:30. "Roosevelt, the Patriot" will be the subject of the pastor's address. Theodore Roosevelt was one of the great American Christians whose character and work will grow in the estimation of students of history. You will be helped in the review of his life as it will be presented on Sunday evening. Come and bring your friends. Good music by the choir, under the leadership of Prof. Henry Ward Pearson, organist and choir master.

Northminster Presbyterian Church—Walter E. Spooner, minister. Preaching at 10:45 a. m. and 7:45 p. m. The subject for the morning will be "The Star in the East." Text, Matt. 2:2. The evening subject, "The Word of Wisdom." Text, 1 Kings 10:1-10. Sunday School at 9:30 a. m. William Bieber, superintendent. Christian Endeavor at 6:45 p. m. At this meeting the pastor will give a thirty-minute lecture on the doctrines of the Presbyterian church. Prayer meeting on Wednesday evening at 7:45 o'clock. You will always find a hearty welcome at Northminster.

Trinity Episcopal Church—J. F. Langton, rector. Prof. J. Y. Ames, Sunday School superintendent. Whit Sunday. Early service, 7. Sunday School, 9:30. Holy Communion and sermon, 10:45. Offertory solo, "The Voice in the Wilderness." Schoff, Mrs. Forrest. Evening prayer and sermon, 7:30. Offertory anthem, "No Shadows Yonder." Gaul.

Salem Evangelical Lutheran Church—East College street. Rev. J. G. Kuppler, pastor. Sunday School at 9 o'clock. Public worship in English, with Holy Communion, at 10:30. Preparatory at 10 o'clock. At 3 o'clock p. m. a class of deaf children will be examined in Christian doctrine and confirmed. Everybody is cordially welcome. There will be no evening service. The L. W. C. will meet Thursday evening.

Congregational Church—Geo. E. Stikney, minister. Church school at 9:30. Dr. G. H. Scott, superintendent. Dr. Post's adult Bible class, 9:30. Morning worship, 10:45. Subject of sermon, "Expecting Great Things." Intermediate Endeavor, 6:30. Monday, Junior Scouts. Tuesday, Campfire Girls and Boy Scouts. Wednesday, mid-week service, 7:30. Thursday, Red Cross regional conference. A cordial invitation awaits you for any of these services.

Central Christian Church—Myron L. Pontius, minister. Bible school at 9:30 a. m. Ben Roodhouse, superintendent. Six departments in session, with suitable classes for all who may come. 10:45 is the hour for the morning worship. "The Art of Living" is the theme for the sermon at this service, and in the evening at 7:30 "The Modern Interpretation of the Golden Rule" will be the sermon theme. Music at both church services by the choir, under direction of Miss Louise Miller. Christian Endeavor services are held at 6:30 p. m. Miss Leota Taylor will lead the Senior meeting, Kenneth Moore the Intermediate, and Buster Maxwell the Junior. All not attending services elsewhere are cordially invited to worship at Central Christian church.

Pisgah Presbyterian Church—The Sunday School will meet at 2:30 p. m. this next Sunday and Dr. Thomas W. Smith will preach at 3:30.

First Baptist Church—The combined Sunday School attendance of the main school and the mission reached 357 on last Sunday. At 9:30 on Sunday morning and 2:30 in the afternoon another record will be made. Superintendents Coppel and Swift will be glad to welcome you. Join us. Acting Pastor Rev. A. P. Howells will preach on the subject, "A Consecrated Hand," at morning worship, held at 10:45 a. m. You will enjoy Mrs. Goebel's playing and Miss Armstrong's singing. A fine place to begin the week right. The Baptist Young People's Union meets at 6:30 p. m. fine talks. Good singing. Cordial welcome. "Discounted Worship" is the subject of the sermon at 7:30 p. m. A baptismal service will follow. Don't miss the prayer meeting on Wednesday at 7:30 p. m. The 7th chapter of John will be used on "What the World Thinks of Christ."

Westminster Church—Corner Westminster street and West College avenue. Rev. Thomas W. Smith, minister in charge. Sunday School at 9:30 a. m. Morning worship at 10:45. Mrs. Helen Brown Read will lead the singing and will sing "My Redeemer and My Lord," by Dudley Buck. The three Christian Endeavor societies will take part in the service and will be addressed by Dr. Smith. He will preach upon "That Which Never Fails." Evening worship at 7:30. The subject of the sermon will be "Our Personal Debt to the City." Mrs. Read will sing "The Good Shepherd," by Vandewater. Both the Intermediate and the Young People's Christian Endeavor societies will meet at 6:30. The subject will be "Following Our Work." Eccl. III, 1-13; V, 18-20. Jeannette Conroy will lead the Intermediates and the Young People's Society will be led by a student from the Woman's college.

The Second Christian church, corner Anna and West streets—Rev. A. I. Frost, pastor. Sunday school at 9:45 a. m. Preaching at 11 a. m. Sermon theme: "True Love to One's Neighbor." Consecration meeting at 7 p. m. Preaching at 8 p. m. Sermon theme: "The Fruits of Faith." Come where you are welcome.

Brooklyn M. E. church—G. W. Randle, pastor; J. H. Reid, S. S. superintendent. Sunday school at 9:30 a. m. Public worship at 10:45 a. m. and

7:30 p. m. The pastor will preach at both services and Mrs. Beulah Codding will be in charge of the music. The morning theme will be "Home Religion." In the evening, the subject will be "The Heavenly Birth." The Junior League will meet at 2:30 p. m. and the Senior League at 6:30 p. m. Revival services will be held each evening during the week at 7:30 o'clock.

First Church of Christ Scientist, 523 West State street—Sunday morning service at 11 o'clock. Subject of the Lesson sermon: "Mortals and Immortals." Sunday school at 9:30. Wednesday evening testimonial meeting at 8 o'clock. The reading room is open each week day from 3 to 5 p. m. The public is cordially invited to attend the church services and to visit the reading room.

State Street Presbyterian church—W. H. Marbach, pastor; T. M. Tomlinson, Sunday school superintendent and Mrs. Barr Brown, choir leader. A hearty welcome to attend this church is extended to you. Sunday school at 9:30. Morning worship at 10:45 and Christian Endeavor at 6:30 and evening worship at 7:30. The Woman's Foreign Missionary society will meet on Tuesday with Mrs. A. L. Adams. The leader will be Mr. C. C. Cochran and the subject will be "The Spanish-Speaking American." Contributions for the Chinese famine relief fund will be received at both services.

Bethel A. M. E. Church—R. H. Buckley, B. D., pastor. 7:30, special baptismal service. Thirty-one candidates to be baptised into the church. Public welcome.

Judge on Merit Alone

The battery of longest life and greatest efficiency is the most economical storage battery you can buy. The ELECTROLYTE has no wood separators. This feature eliminates 95% of all storage battery troubles. ELECTROLYTE has from five to six times more power than the average battery. And because the ELECTROLYTE is an unusual battery it is specifically guaranteed in writing for eighteen months for replacement or repair without cost.

PERCHERON SALE TO BE HELD AT GREGORY FARM

First Sale of Percheron Horses Since 1917 Announced for Next Wednesday, May 18.

White Hall, May 15.—The Centennial Sale of Percheron horses will be held at Gregory Farm next Wednesday, May 18th. It is the first horse sale that has been held at Gregory Farm since 1917, and the event is creating national interest on account of Gregory Farm's standing making its sales a barometer of conditions in the pure-bred horse world. Thirty animals have catalogued for the sale, and the office force in town has been exceedingly busy for more than a week in getting out catalogues, correspondence and advertising miscellany that such an important sale entails. Sons and Daughters of Grand Champion Carnot are included in the offering. This is the \$10,000 Percheron stallion that is the grand cham-

MURRAYVILLE SENIORS TO GIVE CLASS PLAY

"Professor Pett" to Be Presented at Carlson's Hall Monday and Tuesday Evenings.

Murrayville, May 13.—The seniors of the Murrayville high school will give their class play Monday and Tuesday evenings in Carlson's hall. Indications are that large audiences will witness the presentation of "Professor Pett", which is the title of the comedy drama to be presented this year by the seniors.

The cast of characters is as follows:

Prof. Peterkin Pett, a nervous wreck—Floyd Short.
C. B. Buttonbaster, a giddy butterfly of 48—Forrest Covey.
Howard Green, his son who had the court change his name—Frank Jones.
Sim Batty, police force of the college town—Charles Clark.
"Peddler" Benson, working his way thru college—Frank Kennedy.
Pink Hatcher, an athletic sophomore—Ralph Riggs.
Buster Brown, a vociferous Junior—Harold Mawson.
Betty Gardner, the professor's ward—Helen Rousey.
Aunt Minerva Boulder, his housekeeper—Mildred Mayberry.
Petunia Muggins, the hired girl—Esa Claridy.
Olga Stotski, the teacher of folk dancing—Eva Ramsey.
Kitty Clover, a collector of souvenirs—Lucille Short.
Vivian Drew, a college belle—Georgia Mawson.
Irene Van Hilt, a social leader—Edith Masters.
Caroline Kay, a happy little freshman—Irene Wood.
"Noisy" Fleming, just out of school—Howard Covey.

Synopsis
Act 1—Scene: Professor Pett's residence on the college campus. The opening day of school. A trip to Russia. Father comes to college.
Act 2—Same scene. Father is hazed, surrounded by the Nihilists, Bombs and Bumski.
Act 3—Same scene. A garden party by moonlight. Celebrating the football victory. Bonfire and parade. Father the football hero. The serenade. Aunt Minerva on the war path. A double wedding.

McCULLUM FUNERAL HELD AT BLUFFS

Prominent Resident of City Laid to Rest Thursday Morning—Freshmen Class Entertains 8th Grade Pupils.

Bluffs, May 13.—Funeral services for William McCullum were held at the Church of St. Patrick at ten o'clock Thursday morning in the presence of a large assemblage of friends and relatives. The words of comfort and consolation were spoken by Father O'Rourke of Mt. Sterling.

All business houses were closed during the funeral hours thus evidencing the high esteem in which the deceased was held by the citizens of Bluffs, where he has resided for the past 39 years, honored and respected by all with whom he came in contact.

Miss Katherine Anderson presided at the organ and two songs were sweetly sung by the following little girls, Helen and June Doyle and Helen Lorschreider.

The beautiful flowers were in charge of Misses Margaret Finney and Florence Lashmet. The bearers were the Mayor, E. D. Beird and city aldermen, as follows: E. L. Kendall, Ed Baird, John O'Brien, William Hartnady and E. G. Gray. Interment was made in Fairview.

Obituary.
William McCullum was born in Chester, Sept. 29, 1858, and passed to the life beyond, May 9th, 1921. June 10th, 1883, he was united in marriage to Miss Frances O'Brien and took up his residence in Bluffs where he spent the remainder of his life in faithful service for the Wabash railroad company. Besides the widow, the following sons survive: Thomas, Paul, Laurence, Wilmer and Edward, all of whom reside in St. Louis where they hold positions of honor and trust. Also his aged mother, Mrs. Rhoda McCullum and two sisters, Mrs. Belle Newell, Decatur, and Mrs. Tempie Grumm, Osage, Minn.

The light of a beautiful Christian life has gone out but the memory or a life well spent shall live on.

The Freshmen class of the high school entertained the 8th grade pupils at a party at the school building Wednesday evening. The room was tastefully decorated in the grade class colors of green and white. Games were indulged in until a late hour when refreshments were served by the hostess assisted by Mesdames William Hartnady and John Coultas.
